"area" means the territory within which a rating authority levies rates or taxes;

"capital improved value" means the sum which land, if it were held for an estate in fee simple unencumbered by any lease, mortgage or other charge, might be expected to realize at the time of valuation if offered for sale on any reasonable terms and conditions which a genuine seller might in ordinary circumstances be expected to require;

S. 2(1) def. of
"council"
substituted by
No. 12/1989
s. 4(1)(Sch. 2
item 125.1).

"council" has the same meaning as in the **Local Government Act 1989**;

- (m) if by reason of the sale, transfer or conveyance of any land or the transfer, surrender or expiration of a lease of any land

there are on the land any of the improvements described in paragraph (b) of the definition of "improvements" in section 2(1) which were not made by the person who is the owner or occupier of the land;

- (n) if for any reason other than a reason referred to in any of paragraphs (a) to (m), the capital improved value, net annual value or site value—
- (i) of any land specified by Order of the Governor in Council published in the Government Gazette; or
 - (ii) of the land in any area specified by Order of the Governor in Council published in the Government Gazette—

is or is likely to have been materially altered as a consequence of any Act, proclamation, Order in Council, regulation, by-law or local law;

- (o) if any arithmetical error has been made in calculating any valuation upon which any rate is payable or if by reason of any error in describing the land or any matter relating to the land or any improvements to it, an incorrect valuation has resulted.
- (3) Any supplementary valuation when returned must be treated as a part of the valuation in force and has the effect of cancelling anything contained in the existing valuation which is not consistent with the supplementary valuation.
- (4) If a supplementary valuation has been made in any of the circumstances referred to in sub-section (2) other than paragraph (o), the amount of any rate payable in relation to that land must be calculated—

Valuation of Land Act 1960

Act No. 6653/1960

- (a) for any period until the day of that return—
by reference to the existing valuation; and
 - (b) from the day after that return for the
remainder of the period—upon the
supplementary valuation.
- (5) If a supplementary valuation has been made in
any of the circumstances referred to in sub-section
(2)(o), the council may adjust the rate payable
retrospectively for any period it considers just.
- (6) The valuer in making a supplementary valuation
must—
- (a) have regard to the general levels of value
upon which the valuation in force within the
municipal district or ward was based; and
 - (b) assess the value that the land to which the
supplementary valuation applies would have
had if at the time at which the last valuation
of the municipal district or ward was made it
had been in the condition in which it is at the
time of the making of the supplementary
valuation, having regard to every
circumstance which affects the value of the
land at the time of the making of the
supplementary valuation, if it is a
circumstance requiring the making of a
supplementary valuation of the land under
sub-section (2).
- (7) A person who is qualified or authorised to make a
supplementary valuation, or, if that person is not
available, the Chief Executive Officer of the
council, may delete from a valuation return any
entry for rateable land if the whole of the land has
become non-rateable.

S. 13DF(7)
amended by
No. 105/1995
s. 5(b).

-
- (8) The valuer must make entries on the return showing every alteration made on supplementary valuations or on an adjustment or determination of a court or board under Part III for as long as the valuation remains in force.

13DG. *Valuation on union of or annexation by council*

S. 13DG
inserted by
No. 55/1989
s. 8.

- (1) If a council is one formed by union, the last valuations in force for the united councils are to be treated as one valuation made by the council formed by the union.
- (2) If a council has had annexed to its municipal district part of a former municipal district, the last valuation in force for that part is to be treated as part of the valuation for the council, but this does not affect the time within which the council must make the next valuation of all rateable land in its municipal district.
- (3) If a council has had annexed to its municipal district any area which is not part of a former municipal district—
- (a) the council must, immediately after the annexation, make a valuation of all rateable land in that area (either separately or together with a valuation for the rateable land in the rest of the council's municipal district); and
 - (b) the valuation for that annexed area, if made separately, is to be treated together with any valuation for the rest of the council's municipal district, as the valuation for the council; and
 - (c) paragraphs (a) and (b) do not affect the time within which the council must make the next

valuation of all rateable land in its municipal district.

- (1) If the valuer appointed to make valuations of rateable land has made and recorded the valuations of all or any of the land, but has not included all the valuations in any return to the council, the Chief Executive Officer of the council may, with the written approval of the valuer-general, prepare and certify a return with respect to those valuations not so included in the form prescribed.
- (2) Any valuations when certified and returned to the council are as valid as if included in a return certified by the valuer, but in the case of a general valuation must not be used by the council before the valuations of all the land in respect of which the valuer had been appointed have been returned to the council.

15. Rating authority must give notice of valuation

- (1) A rating authority that makes a valuation or causes a valuation to be made must, in respect of each rate it makes or intends to make, give to the person liable for the payment of that rate—
 - (a) a notice of valuation that—
 - (i) identifies the land in respect of which the rate is or will be payable; and
 - (ii) shows the several bases of value assessed in respect of the land; and
 - (iii) states the date as at which the value of the land was assessed; and
 - (b) a notice that some other authority may use one of the bases of value shown for the

- (2) The notice referred to in sub-section (1)(b) must be given before or at the same time as the notice referred to in sub-section (1)(a).
- (3) If the person liable for payment of the rate is not the occupier of the land, the rating authority must also give the notices referred to in sub-section (1) to the occupier.

Division 3—Objections

16. *Who may object?*

- (1) A person aggrieved by an assessment of the value of any land made by or for a rating authority may lodge a written objection with the rating authority on any one or more of the grounds set out in section 17.
- (2) An objection must—
 - (a) be in the prescribed form; and
 - (b) give particulars of the bases of valuation to which objection is made; and
 - (c) state the grounds on which the objection is based.
- (3) However, a rating authority cannot disallow an objection only because of a failure to comply with sub-section (2).

17. *Grounds for objection*

The grounds for an objection are—

- (a) that the value assigned is too high or too low;
 - (b) that the interests held by various persons in the land have not been correctly apportioned;
 - (c) that the apportionment of the valuation is not correct;
 - (d) that lands that should have been included in one valuation have been valued separately;
 - (e) that lands that should have been valued separately have been included in one valuation;
 - (f) that the person named in the notice of valuation, assessment notice or other document is not liable to be so named;
- (g) that the area, dimensions or description of the land are not correctly stated in the notice
-

of valuation, assessment notice or other document.

18. Time for lodging objection

New s. 18
inserted by
No. 52/1998
s. 309.

- (1) An objection to a valuation made by the Commissioner or for the Commissioner by a person or authority other than a municipal council must be lodged within 2 months after the notice of assessment based on that valuation has been given under the **Land Tax Act 1958**.
- (2) In any other case, an objection must be lodged—
 - (a) if any of the valuations in the notice given by the rating authority under section 15(1)(a) appear for the first time—within 2 months after the notice is given; or
 - (b) if a valuation that has appeared in a notice given by the rating authority appears in a subsequent notice given by that authority—
 - (i) if the subsequent notice is given on or after 1 February but before 1 October in any year—within 2 months after the subsequent notice is given; or
 - (ii) in any other case—during February or March next after the subsequent notice is given; or
 - (c) in the case of a person referred to in section 16(5)—within 2 months after receiving the notice of assessment of the rate or tax.

No. 52/1998
s. 309.

cannot be made within 12 months after the lodgement of that objection.

- (2) Sub-section (1) applies whether the valuation is used by the rating authority to whom the objection was made or another rating authority.

- (2) The rating authority must refer an objection to the valuer for that authority, who must provide a reasonable opportunity for the objector to discuss the matter with him or her.
- (3) Within 2 months after receiving an objection, the valuer must—
- (a) if he or she considers that no adjustment in the valuation is justified—give the objector written notice of that decision; or
 - (b) if he or she considers that an adjustment in the valuation is justified—
 - (i) recommend accordingly to the valuer-general; and
 - (ii) give the objector and the rating authority a copy of the recommendation.

-
- (4) The valuer-general, after consultation if practical with the valuer, must determine the objection as follows—
- (a) the valuer-general may disallow the recommended adjustment in whole or part if in his or her opinion the general uniformity of the valuation or the general trueness and correctness of the valuation will be substantially affected by the adjustment; or
 - (b) in any other case, the valuer-general must confirm the recommended adjustment.
- (5) The valuer-general must give written notice of his or her decision, within 2 months after receiving the recommendation, to the objector, the valuer and the rating authority.
- (6) Subject to any appeal or review under Division 3, the decision of the valuer-general must be given effect to by the rating authority and every other rating authority using that valuation.

Division 4—Reviews and appeals

- (a) an objector is dissatisfied with the determination of the Commissioner, a valuer or the valuer-general on the objection; or

- (c) 2 months have passed since a valuer has given notice to an objector under section 21(3)(b)(ii) and the valuer-general has not determined the objection—

the objector may lodge with the rating authority a written notice requiring the rating authority to refer the matter to the Tribunal or to treat the objection as an appeal and cause it to be set down for hearing at the next sitting of the Supreme Court.

- (2) A notice under sub-section (1)—
- (a) in the circumstances referred to in sub-section (1)(a)—must be lodged within 30 days after the date that notice of the determination is given to the objector; or
 - (b) in the circumstances referred to in sub-section (1)(b) or (c)—may be lodged at any time after the relevant 2 month period.

or
 - (b) a site value less than \$100 000; or
 - (c) a net annual value less than \$12 500.
- (2) If a matter relates to a valuation of an amount equal to or more than an amount referred to in sub-section (1), the matter may be referred to the Tribunal or treated as an appeal to the Court—

-
- (a) at the option of the objector; or
 - (b) at the option of the rating authority if the objector does not exercise the objector's option within 1 month after being requested to do so by the rating authority.
- (3) A matter may be treated as an appeal to the Court irrespective of the amount of the valuation if the Court is satisfied on the application of any party that the appeal raises questions of unusual difficulty or of general importance.

24. *Grounds of review or appeal*

On a review or appeal the objector's case is limited to—

- (a) the grounds of the objection; and
- (b) any other grounds set out in the notice to the rating authority under section 22(1)—

unless the Tribunal or Court otherwise orders.

25. *Referral to Tribunal*

- (2) The Tribunal may in its discretion award the costs of any proceedings under this Division—

- (2) The Court may in its discretion by order award the
costs of an appeal under this Division—
- (a) to the party in whose favour the appeal is

of land separately apply to the Tribunal or appeal
to the Court in respect of the same assessment of
value.
- (2) If this section applies, the Court or Tribunal must
not award the owner or occupier any costs in
respect of the proceedings unless the Court or
Tribunal is satisfied—
- (a) if the applicant or appellant is the owner,
that—
 - (i) the owner, before giving notice under
section 22(1), requested the occupier to
join in the proceedings; and
 - (ii) the occupier refused or failed to do so;
or
 - (b) if the applicant or appellant is the occupier,
that—
-

-
- (i) the occupier, before giving notice under section 22(1), requested the owner to join in the proceedings; and
 - (ii) the owner refused or failed to do so.
- (3) If the party bringing the proceedings satisfies the Court or Tribunal as set out in sub-section (2), the owner or occupier refusing or failing to join the proceedings must pay the costs of that person's own application or appeal.
- (4) This section does not apply if the owner or occupier lodged a written objection pursuant to section 16(6).

Division 5—General

28. *Procedure if land is in more than one area*

- (1) Despite anything to the contrary in any Act, if any rateable land of a person comprising one undertaking extends continuously beyond the boundaries of any rating authority so that the undertaking is subject to more than one separate valuation for the purpose of rating, although there is no actual separation of the different parts of the land rated, the person may object to the valuations in accordance with this section.
- (2) The person objecting to the valuations may lodge with one of the rating authorities a written notice requiring the rating authority to refer the matter to the Tribunal or to treat the objection as an appeal and cause it to be set down for hearing at the next sitting of the Supreme Court.
- (3) The notice must be lodged within the time permitted under this Part for an objection against the valuation by the rating authority of the rateable land.

- (5) A notice may be lodged under sub-section (4) even if the time permitted under this Part for objections has expired.
- (6) This Part applies to an appeal to the Supreme Court or a referral to the Tribunal as if it were an appeal or referral under Division 4.
- (7) If there is more than one appeal or referral under this section, the Supreme Court or the Tribunal (as the case requires) may at the hearing direct the consolidation of the matters for the purpose of assessing the value of the land as a whole and for apportioning that value between the different rating authorities whose valuations were the subject of the referral or appeal.
