Unless the plan otherwise provides, if the whole or part of a boundary of a lot with another lot or with common property on a strata or cluster plan or a strata or cluster redevelopment plan lies along or within a structure that is a wall, fence, floor or ceiling, the boundary is the median of the structure.

6 Effect of notice of restriction

If a strata or cluster plan or a strata or cluster redevelopment plan contains a notice of restriction, the Registrar must not—

- (a) register a transfer, mortgage, charge, lease or sub-lease of a restricted lot on the same plan unless that dealing includes a car park lot; or
- (b) record in the Register a transmission of, or vesting order or disposition dealing with, a restricted lot on the same plan unless the transmission, order or disposition includes a car park lot; or

10 Additional powers of strata or cluster bodies corporate

- (1) Without limiting its other powers, a strata or cluster body corporate may proceed under section 32(1) to—
 - (a) add to or delete a notice of restriction on the plan; or

(b) change a lot to an accessory lot or an accessory lot to a lot.

(2) A strata or cluster body corporate cannot exercise any of the powers referred to in subclause (1) so that land included in the plan after the Act application date becomes or is included in a restricted lot or accessory lot.

Sch. 2 cl. 11(1)
amended by
No. 57/1993
s. 17(5).

by a body corporate, a member of the body corporate or (to the extent that the requirement or restriction is negative in character) the occupier of a lot affected by the body corporate.

(2) The court may make the order applied for if it is satisfied it is just and equitable to do so.

12 Stage development

(1) If—

(a) there is a registered cluster plan for the development of land in stages; and

(b) any of the stages is subject to outstanding Council requirements within the meaning of the **Cluster Titles Act 1974**—

the owners of the land subject to the requirements may use a plan under section 37 to take the land out of the stage development, as if the development were a staged subdivision.

- (2) On the registration of a plan referred to in subclause (1), Part IV of the **Cluster Titles Act 1974** and any applicable Council requirements cease to apply to the land in the plan.
- (3) This Schedule does not prevent a person choosing to proceed with the development of land in stages under section 44.

23 Variations of easements and restrictions

- (1) The amendments made to the Principal Act by section 4 apply to—
 - (a) a variation of an easement or restriction authorised by a planning scheme or permit, whether before or after the commencement of that section; and
 - (b) a plan submitted for certification or lodged for registration before or after that commencement.
- (2) Subsection (1) does not affect—
 - (a) the certification or registration of a plan under the Principal Act before the commencement of this section; or
 - (b) any requirement made before the commencement of this section by the Council or the Registrar in relation to a plan of variation of an easement or restriction under the Principal Act; or
 - (c) anything done before or after the commencement of this section to comply with a requirement referred to in paragraph (b).

² S. 4(1)(c)(iv): Section 29 of the **Subdivision (Amendment) Act 1993**, No. 57/1993 reads as follows:

29 Compulsory acquisition of easements

- (1) The amendments made to the Principal Act by section 15 of this Act and the amendments made to the **Transfer of Land Act 1958** by section 19 of this Act do not apply to a plan for the

compulsory acquisition of an easement that is submitted for certification before the date of commencement of sections 15 and 19.

- (2) The provisions of the Principal Act referred to in section 15 of this Act and section 72 of the **Transfer of Land Act 1958** continue to apply to a plan referred to in subsection (1), as if sections 15 and 19 had not been enacted.

³ S. 4(1C): See note 2.

⁴ Pt 2: Section 44 of the **Subdivision (Miscellaneous Amendments) Act 1991**, No. 48/1991 reads as follows:

44 Transitional provisions: plans and other matters

- (1) Subject to this section, an amendment made to the Principal Act by a provision of this Part, other than an amendment made by sections 4, 38 and 41, applies only to—
- (a) a plan submitted for certification or lodged for registration; or
 - (b) a dealing or other matter occurring—
on or after the date of commencement of that provision.
- (2) The Principal Act continues to apply (as if this Act had not been enacted) to—
- (a) a plan submitted for certification or lodged for registration; or
 - (b) the continuation or completion of any other dealing or matter begun—
before the commencement of this subsection or not later than 6 months after the commencement.
- (3) Despite subsection (2), if—
- (a) a plan submitted for certification or lodged for registration; or

(b) a dealing or matter begun—

before the commencement of this section or not later than 6 months after that commencement complies with the Principal Act as amended by any provision of this Part, the Council or Registrar must deal with it as if, when it was submitted or lodged, or began, the amendment to the Principal Act were in operation.

(4) Subsection (1) does not prevent the submission of a new plan or the amendment or re-certification of an existing plan in accordance with an amendment made to the Principal Act by this Part.

(5) In this section *matter* means an agreement or a public open space requirement.

⁵ S. 12(1B): Section 24 of the **Subdivision (Amendment) Act 1993**, No. 57/1993 reads as follows:

⁷ S. 18: Section 45 of the **Subdivision (Miscellaneous Amendments) Act 1991**, No. 48/1991 reads as follows:

Without limiting section 44, if—

- (a) before the commencement of section 14 a public open space requirement was made under the Principal Act; and
- (b) the requirement could not be made under the Principal Act as amended by that section; and
- (c) at the date of commencement of that section the requirement has not been complied with—

the requirement must for all purposes be taken never to have been made.

⁸ S. 18: Section 26 of the **Subdivision (Amendment) Act 1993**, No. 57/1993 reads as follows:

26 Public open space requirements

- (2) Section 18 of the Principal Act as amended by section 9 of this Act applies to a public open space requirement made on or after the date of commencement of section 9.
- (3) Subject to subsection (4) a requirement which purported to have been made under section 18 of the Principal Act as in force at any time before the commencement of section 9 of this Act is not, and must be taken never to have been, invalid merely because it was made more than 7 days before the Council issued its statement of compliance.

- (4) Subsection (3) does not apply to a requirement which, under section 45 of the **Subdivision (Miscellaneous Amendments) Act 1991**, is taken by force of that section never to have been made if another requirement under section 18 of the Principal Act as amended by that Act has been made in relation to the same plan.
- (5) If a requirement referred to in subsection (3) specifies a date for compliance that falls before the date of commencement of section 9 of this Act, and at that date of commencement the requirement has not been complied with, then by force of this section, the requirement has effect, and must be taken always to have had effect, as if it specified a date for compliance that is the 28th day after the date of commencement of that section.
- (6) This section does not invalidate—
- (a) the issue of any statement of compliance under the Principal Act as in force at any time before the commencement of section 9 of this Act; or
 - (b) the registration, before or after that date of commencement, of a plan where the statement of compliance was issued before that date of commencement; or
 - (c) any requirement made under section 18 of the Principal Act—
 - (i) as in force before the date of commencement of section 14 of the **Subdivision (Miscellaneous Amendments) Act 1991**, if that requirement has been complied with at that date of commencement; or

- (ii) as in force on or after the commencement of section 14 of that Act and before the commencement of section 9 of this Act, if the requirement was made not more than 7 days before the Council issued its statement of compliance.

¹¹ S. 25: Section 47 of the **Subdivision (Miscellaneous Amendments) Act 1991**, No. 48/1991 reads as follows:

47 Transitional provisions: Notice of easement registration

If before the repeal of section 25(4) of the Principal Act a creation, variation or removal of an easement or restriction was registered under the **Transfer of Land Act 1958** and the easement or restriction is not part of a plan of subdivision or

- (2) Subsection (1) applies to each stage of the subdivision.

¹⁸ S. 39: Section 43 of the **Subdivision (Miscellaneous Amendments) Act 1991**, No. 48/1991 reads as follows:
