(2) A nurse is authorised to possess those Schedule 4 poisons, Schedule 8 poisons or Schedule 9 poisons that are necessary for administration to a patient under the care of that nurse in accordance with—

(a) the instructions of and upon the authorisation for that patient by—

(i) in the case of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison, a registered medical practitioner or dentist; or

(ii) in the case of a Schedule 4 poison or Schedule 8 poison, a nurse practitioner; or

(iii) in the case of a Schedule 4 poison specified in his or her endorsement of registration, an authorised optometrist; or

(b) the conditions of a permit to purchase or obtain and use a poison or controlled substance for the provision of health services; or

(c) the approval of the Secretary under sub-regulation (3).
(3) Subject to sub-regulation (4), the Secretary may approve the possession of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison by a nurse or class of nurses without the direct supervision of—

(a) in the case of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison, a registered medical practitioner or dentist; or

(b) in the case of a Schedule 4 poison or Schedule 8 poison, a nurse practitioner; or

(c) in the case of a Schedule 4 poison specified in his or her endorsement of registration, an authorised optometrist.

(4) The Secretary must not grant an approval referred to in sub-regulation (3) unless the Secretary considers that the approval—

(a) is necessary for the provision of health services; and

(b) is within the competence of a nurse without the direct supervision of a registered medical practitioner, dentist, nurse practitioner or authorised optometrist (as the case requires).

6. Approval of Schedule 4 poisons and Schedule 8 poisons

The Secretary may approve Schedule 4 poisons or Schedule 8 poisons or classes of Schedule 4 poisons or Schedule 8 poisons for possession and use by a person or class of persons specified in Column 1 of Part 2 of the table in Regulation 5.
7. Permit required for Schedule 9 poisons

A registered medical practitioner, pharmacist, veterinary practitioner or dentist must not manufacture, sell, supply, purchase or otherwise obtain, possess, administer, use or prescribe a Schedule 9 poison unless he or she holds a permit issued under the Act or these Regulations to do so.

Penalty: 100 penalty units.

8. Patient identity and therapeutic need to be determined—registered medical practitioners

(1) A registered medical practitioner must not administer, prescribe, sell or supply a drug of dependence or Schedule 8 poison unless—

(a) that drug or poison is for the medical treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ascertain the identity of that person; and

(c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that drug or poison.

Penalty: 100 penalty units.

(2) A registered medical practitioner must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the medical treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.
9. Patient identity and therapeutic need to be determined—nurse practitioners

(1) A nurse practitioner must not administer, prescribe, sell or supply a Schedule 8 poison unless—

(a) that poison is for the treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ascertain the identity of that person; and

(c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

(2) A nurse practitioner must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

10. Patient identity and therapeutic need to be determined—dentists

(1) A dentist must not administer, prescribe, sell or supply a drug of dependence or Schedule 8 poison unless—

(a) that drug or poison is for the dental treatment of a person under his or her care; and
Part 2—Drugs of Dependence, Schedule 4 Poisons, Schedule 8 Poisons and Schedule 9 Poisons

(b) he or she has taken all reasonable steps to ascertain the identity of that person; and

(c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that drug or poison.

Penalty: 100 penalty units.

(2) A dentist must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the dental treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

11. Therapeutic need to be determined—authorised optometrists

An authorised optometrist must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the ocular treatment of a person under his or her care; and

(b) the optometrist has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

12. Patient identity and therapeutic need to be determined for drugs of dependence—pharmacists

(1) A pharmacist who supplies a drug of dependence to or for a person other than by wholesale or on the prescription of a registered medical practitioner, dentist or nurse practitioner must—
(a) take all reasonable steps to ascertain the identity of the person to or for whom it is proposed to supply the drug of dependence; and

(b) do so only for the therapeutic use of the person after having taken all reasonable steps to ensure a therapeutic need for the drug of dependence exists.

Penalty: 100 penalty units.

(2) A pharmacist who supplies a drug of dependence to a person for an animal other than by wholesale or on the prescription of a veterinary practitioner must do so only for the therapeutic use of the animal after having taken all reasonable steps to ensure a therapeutic need for the drug of dependence exists.

Penalty: 100 penalty units.

13. Therapeutic need to be determined—veterinary practitioners

A veterinary practitioner must not administer, prescribe, sell or supply a drug of dependence, Schedule 8 poison or Schedule 4 poison unless—

(a) that drug or poison is for the treatment of an animal under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that drug or poison.

Penalty: 100 penalty units.
14. Notification of fraudulent obtaining of drugs or poisons

(1) A registered medical practitioner, pharmacist, veterinary practitioner or dentist who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence—

(a) a drug of dependence, Schedule 9 poison, Schedule 8 poison or Schedule 4 poison; or

(b) an order or prescription for a drug of dependence, Schedule 9 poison, Schedule 8 poison or Schedule 4 poison—

must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.

(2) A nurse practitioner who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence—

(a) a Schedule 8 poison or Schedule 4 poison; or

(b) an order or prescription for a Schedule 8 poison or Schedule 4 poison—

must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.

(3) An authorised optometrist who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence, a Schedule 4 poison or an order or prescription for a Schedule 4 poison, must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.
15. **Pharmacist administration, sale or supply authorised from within Victoria**

(1) A pharmacist must not administer, sell or supply a Schedule 4 poison or Schedule 8 poison except—

(a) in accordance with section 13(3) of the Act; or

(b) subject to regulation 16, on the original prescription of—

(i) in the case of a Schedule 8 poison, a registered medical practitioner, veterinary practitioner, dentist or nurse practitioner;

(ii) in the case of a Schedule 4 poison, a registered medical practitioner, veterinary practitioner, dentist or nurse practitioner;

(iii) in the case of a Schedule 4 poison specified in his or her endorsement of registration, an authorised optometrist; or

(c) in accordance with regulation 27; or

(d) in the case of a Schedule 8 poison, on the order of a registered medical practitioner, veterinary practitioner, dentist or nurse practitioner; or

(e) in the case of a Schedule 4 poison, on the order of—

(i) a registered medical practitioner, veterinary practitioner, dentist or nurse practitioner; or

(ii) an authorised optometrist, in accordance with his or her endorsement of registration; or
(f) on the order of a person holding a permit for that Schedule 4 poison or Schedule 8 poison; or

(g) to a person referred to in Column 1 of Part 2 of the table in regulation 5 to the extent referred to in Column 2 of that Part of that Table.

Penalty: 100 penalty units.

(2) Despite sub-regulation (1), in an emergency, a pharmacist may, if he or she considers it necessary to ensure continuity of treatment, supply once only a Schedule 4 poison without the prescription of a registered medical practitioner or nurse practitioner if—

(a) the pharmacist is satisfied that—

(i) there is an immediate need for the Schedule 4 poison and it is impracticable for the patient to obtain a prescription in time to meet that need; and

(ii) treatment with that Schedule 4 poison has been previously prescribed for the patient by a registered medical practitioner or nurse practitioner; and

(iii) the patient, or the agent of the patient, or a person who has the care of, or is assisting in the care of, the patient, is aware of the appropriate dose of that Schedule 4 poison for that patient; and

(b) the quantity supplied does not exceed—

(i) 3 days' supply; or

(ii) if it is not practical to supply a quantity required for 3 days, the smallest commercially available pack.
16. Supply on copy of prescription permitted in certain circumstances

(1) Subject to sub-regulation (2), a pharmacist may supply a Schedule 4 poison or a Schedule 8 poison on the copy of an original prescription if the original prescription is required to be submitted to a public authority by any Act of a State or Territory or the Commonwealth.

(2) A pharmacist must not supply a Schedule 4 poison or a Schedule 8 poison on the copy of an original prescription unless the copy of the original prescription is certified by or accompanied by a certification from—

(a) the pharmacist who received the original prescription but did not supply all of the items on that prescription; or

(b) a pharmacist who has previously supplied the Schedule 4 poison or Schedule 8 poison on that original prescription.

Penalty: 100 penalty units.

17. Pharmacist administration, sale or supply authorised from outside Victoria

Despite regulation 15, a pharmacist may supply a Schedule 4 poison on the prescription of a person who is registered in another State or Territory as a person who is—

(a) permitted to practice medicine, nursing, veterinary science, dentistry or optometry; and

(b) permitted by a law of that State or Territory to prescribe Schedule 4 poisons.
18. **Form of notification under section 33(1) of the Act**

For the purposes of section 33(1) of the Act, the prescribed form is the form of DP1 in Schedule 2.

19. **Form of application and notification under sections 33(2) and 33(3) of the Act**

For the purposes of sections 33(2) and 33(3) of the Act, the prescribed form is the form of DP2 in Schedule 2.

20. **Form of permit under section 34 of the Act**

For the purposes of section 34 of the Act, the prescribed form is the form of DP3 in Schedule 2.

21. **Permit required in particular circumstances for specialised supply**

(1) For the purposes of preventing the improper use of methadone, a registered medical practitioner or nurse practitioner must not administer, supply or prescribe methadone in circumstances where the registered medical practitioner or nurse practitioner is not required to hold a permit under section 34(1) of the Act unless he or she has a permit from the Secretary authorising that registered medical practitioner or nurse practitioner to administer, supply or prescribe methadone.

Penalty: 100 penalty units.

(2) Despite sub-regulation (1), a registered medical practitioner or nurse practitioner is not required to have a permit under this regulation if—

(a) the person he or she is treating is an inpatient of a hospital; or

(b) he or she is treating a patient at an oncology clinic or a pain clinic at a hospital; or

(c) he or she is treating a patient who is under the care of a palliative care service.
(3) The form of an application for a permit under sub-regulation (1) authorising the administration, supply or prescription of methadone, is the form of DP2 in Schedule 2.

(4) A permit referred to in sub-regulation (1) authorising the administration, supply or prescription of methadone is subject to the terms and conditions specified in the permit by the Secretary.

22. Permit required in particular circumstances for specialised supply

(1) For the purposes of preventing the improper use of amphetamine, dexamphetamine, methylamphetamine or methylphenidate, a registered medical practitioner or nurse practitioner must not administer, supply or prescribe any one or more of those substances in circumstances where the registered medical practitioner or nurse practitioner is not required to hold a permit under section 34(1) of the Act unless he or she has a permit from the Secretary authorising that registered medical practitioner or nurse practitioner to administer, supply or prescribe one or more of those substances.

Penalty: 100 penalty units.

(2) Despite sub-regulation (1), a registered medical practitioner is not required to have a permit under this regulation if he or she is—

(a) a paediatrician who is treating a person for attention deficit disorder; or

(b) a psychiatrist who is treating a person for attention deficit disorder.
(3) The form of an application for a permit under sub-regulation (1) authorising the administration, supply or prescription of amphetamine, dexamphetamine, methylamphetamine or methylphenidate is the form of DP2 in Schedule 2.

(4) A permit referred to in sub-regulation (1) authorising the administration, supply or prescription of amphetamine, dexamphetamine, methylamphetamine or methylphenidate is subject to the terms and conditions specified in the permit by the Secretary.

23. Dentists not able to obtain permit for specialised supply

A dentist must not possess, administer, supply or prescribe methadone.

Penalty: 100 penalty units.

24. Disclosure of drug use within previous 8 weeks required

(1) A person who in the previous 8 weeks has been treated with a drug of dependence must not, without disclosing that fact at the time, procure or attempt to procure from a registered medical practitioner, veterinary practitioner, dentist or nurse practitioner—

(a) the same or a similar drug of dependence; or

(b) a drug of dependence for the same or a similar purpose.

Penalty: 100 penalty units.
(2) A person who in the previous 8 weeks has been treated with a drug of dependence must not, without disclosing that fact at the time, procure or attempt to procure from a pharmacist, other than on a prescription or order of a person authorised in relation to that drug of dependence under section 13(1) of the Act—

(a) the same or a similar drug of dependence; or

(b) a drug of dependence for the same or a similar purpose.

Penalty: 100 penalty units.

Division 3—Supply

25. Persons authorised to write prescriptions

(1) A person other than a registered medical practitioner, veterinary practitioner or dentist must not write a prescription for a Schedule 9 poison.

Penalty: 100 penalty units.

(2) A person other than a registered medical practitioner, veterinary practitioner, dentist or nurse practitioner must not write a prescription for a Schedule 8 poison.

Penalty: 100 penalty units.

(3) A person other than a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner or authorised optometrist must not write a prescription for a Schedule 4 poison.

Penalty: 100 penalty units.
(4) A registered medical practitioner or dentist must not write a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison other than for the treatment of a person named on the prescription.

Penalty: 100 penalty units.

(5) A nurse practitioner must not write a prescription for a Schedule 4 poison or Schedule 8 poison other than for the treatment of a person named on the prescription.

Penalty: 100 penalty units.

(6) An authorised optometrist must not write a prescription for a Schedule 4 poison other than for the treatment of a person named on the prescription.

Penalty: 100 penalty units.

(7) A veterinary practitioner must not write a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison other than for the treatment of an animal named or described on the prescription.

Penalty: 100 penalty units.

26. Style and required particulars for prescriptions

(1) A person authorised to write a prescription under regulation 25 must write a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison (as the case requires)—

(a) in his or her own handwriting; or

(b) in a manner of writing approved by the Secretary.

Penalty: 50 penalty units.
(2) In approving another manner of writing a prescription under sub-regulation (1)(b), the Secretary—

(a) must have regard to security; and
(b) must have regard to legibility; and
(c) may have regard to any other factors the Secretary considers relevant in the circumstances.

(3) A person authorised to write a prescription under regulation 25 must ensure that any prescription written by the person for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison (as the case requires) is legible and durable and includes—

(a) the name, address and telephone number of the prescriber; and
(b) the name and address of the patient for whom the prescription is intended, or if a prescription is written by a veterinary practitioner, the name or species of animal and the name and address of the owner or the person having the custody of the animal; and
(c) the date on which the prescription was written; and
(d) the signature of the prescriber; and
(e) full particulars of the poison or controlled substance to be supplied including a statement of the quantity to be supplied; and
(f) in the case of a Schedule 8 poison or Schedule 9 poison, the statement of the quantity to be supplied written in words and figures; and
(g) directions for the precise dose or use and frequency of administration except in cases where—

(i) because of the complexity of the dosage regimen or use it is impracticable to do so and the prescriber has separately supplied the patient with written instruction; or

(ii) the administration of the poison or controlled substance is to be carried out by a registered medical practitioner, veterinary practitioner, pharmacist, dentist, authorised optometrist or nurse as the case requires; and

(h) the maximum number of times the prescription may be supplied if more than once; and

(i) in the case of a Schedule 8 poison or Schedule 9 poison, the maximum number of times the prescription may be supplied written in words and figures.

Penalty: 50 penalty units.

(4) A prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison must not be written in a secret code or cipher.

Penalty: 50 penalty units.

(5) A prescriber must not knowingly include on a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison any particular which is false or misleading.

Penalty: 100 penalty units.
(6) A dentist must not direct that a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison be supplied more than once.

Penalty:  50 penalty units.

27. Emergency directions to pharmacists regarding supply

(1) Despite anything in this Division to the contrary, a registered medical practitioner, veterinary practitioner or dentist may issue oral instructions to a pharmacist to supply a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison if in the opinion of the registered medical practitioner, veterinary practitioner or dentist, an emergency exists.

(2) Despite anything in this Division to the contrary, a nurse practitioner may issue oral instructions to a pharmacist to supply a Schedule 4 poison or Schedule 8 poison if, in the opinion of the nurse practitioner, an emergency exists.

(3) Despite anything in this Division to the contrary, an authorised optometrist may issue oral instructions to a pharmacist to supply a Schedule 4 poison if, in the opinion of the authorised optometrist, an emergency exists.

(4) A registered medical practitioner, veterinary practitioner, dentist, nurse practitioner or authorised optometrist who issues oral instructions pursuant to sub-regulation (1), (2) or (3), as the case requires, must as soon as practicable write a prescription—

(a) indicating that it is in confirmation of the oral instructions; and

(b) deliver or forward that prescription to the pharmacist.

Penalty:  50 penalty units.
28. Particular prescription details to be verified prior to supply

(1) A pharmacist must not supply a Schedule 8 poison or Schedule 9 poison on a prescription unless he or she—

(a) if the prescription is handwritten, is familiar with the purported prescriber's handwriting and the writing is comparable with the usual writing of the purported prescriber; or

(b) has taken reasonable steps to verify that the prescription was written by the purported prescriber.

Penalty: 100 penalty units.

(2) Despite sub-regulation (1), a pharmacist may supply a quantity of a Schedule 8 poison sufficient for no more than 2 days' treatment.

(3) A pharmacist who supplies a Schedule 8 poison in accordance with sub-regulation (2) must retain the prescription despite the full quantity ordered not having been supplied.

Penalty: 100 penalty units.

29. Containers of drugs to be labelled with certain details

(1) A registered medical practitioner, pharmacist, veterinary practitioner or dentist who supplies a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison for the treatment of a specific person, or the veterinary treatment of a specific animal, must ensure that the container in which it is packed is labelled with the following information—

(a) the name of the patient or name or species of animal and the name of the owner or person having custody of the animal; and
(b) the date of recording as required by
Division 5; and

(c) the name, address and telephone number of
the place of supply; and

(d) the name of the poison or controlled
substance or a trade name which
unambiguously identifies the poison or
controlled substance and its strength, form
and quantity; and

(e) subject to sub-regulation (2), the directions
for use.

Penalty: 50 penalty units.

(2) A registered medical practitioner, pharmacist,
veterinary practitioner or dentist who supplies a
Schedule 4 poison, Schedule 8 poison or
Schedule 9 poison in accordance with sub-
regulation (1) is not required to include directions
for use of the poison on a label on the container
if—

(a) in the case of a pharmacist—

(i) directions for use have not been
included by the prescriber on the
prescription for that poison; or

(ii) the dosage regimen or use is so
complex that the prescriber has
supplied the patient with separate
written instruction; or

(b) the dosage regimen or use is so complex that
the registered medical practitioner,
veterinary practitioner or dentist has supplied
the patient with separate written instruction; or
(c) the administration of the poison is to be carried out by a registered medical practitioner, pharmacist, veterinary practitioner, dentist, authorised optometrist or nurse.

(3) A nurse practitioner who supplies a Schedule 4 poison or Schedule 8 poison for the treatment of a specific person must ensure that the container in which it is packed is labelled with the following information—

(a) the name of the patient; and

(b) the date of recording as required by Division 5; and

(c) the name, address and telephone number of the place of supply; and

(d) the name of the poison or controlled substance or a trade name which unambiguously identifies the poison or controlled substance and its strength, form and quantity; and

(e) subject to sub-regulation (4), the directions for use.

Penalty: 50 penalty units.

(4) A nurse practitioner who supplies a Schedule 4 poison or Schedule 8 poison in accordance with sub-regulation (3) is not required to include directions for use of the poison on a label on the container if—

(a) the dosage regimen or use is so complex that the nurse practitioner has supplied the patient with separate written instruction; or

(b) the administration of the poison is to be carried out by a registered medical practitioner, pharmacist, dentist, authorised optometrist or nurse.
(5) An authorised optometrist who supplies a Schedule 4 poison for the treatment of a specific person must ensure that the container in which it is packed is labelled with the following information—

(a) the name of the patient; and

(b) the date of recording as required by Division 5; and

(c) the name, address and telephone number of the place of supply; and

(d) the name of the poison or controlled substance or a trade name which unambiguously identifies the poison or controlled substance and its strength, form and quantity; and

(e) subject to sub-regulation (6), the directions for use.

Penalty: 50 penalty units.

(6) An authorised optometrist who supplies a Schedule 4 poison in accordance with sub-regulation (5) is not required to include directions for use of the poison on a label on the container if—

(a) the dosage regimen or use is so complex that the authorised optometrist has supplied the patient with separate written instruction; or

(b) the administration of the poison is to be carried out by a registered medical practitioner, pharmacist, dentist, authorised optometrist or nurse.
(7) A veterinary practitioner is not required to comply with sub-regulation (1) if a Schedule 4 poison is supplied in bulk for treatment of flocks or herds of animals provided that—

(a) each container of the poison retains the manufacturer's original label; and

(b) the veterinary practitioner provides written instructions containing the information specified in sub-regulation (1) to the owner of, or the person having custody of, the animals.

30. Duration of prescriptions

(1) A pharmacist who supplies a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison on a prescription must ensure that the prescription is marked in a way that indicates durably—

(a) that the poison or controlled substance has been supplied; and

(b) the date of recording as required by Division 5; and

(c) the premises from which the poison or controlled substance was supplied.

Penalty: 50 penalty units.

(2) A pharmacist must not supply a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison on a prescription if it is more than—

(a) 12 months after the date written on the prescription in the case of a prescription for a Schedule 4 poison; or

(b) 6 months after the date written on the prescription in the case of a prescription for a Schedule 8 poison or Schedule 9 poison.

Penalty: 50 penalty units.
31. Circumstances where prescriptions are not to be filled

(1) A pharmacist must not supply a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison on a prescription—

(a) in excess of the quantities authorised; or

(b) which he or she has reason to believe has been forged or is fraudulent in any way; or

(c) which he or she has reason to believe has been altered in any way other than by or on the instruction of the prescriber; or

(d) which is illegible or defaced; or

(e) when the quantity authorised has already been supplied.

Penalty: 100 penalty units.

(2) A pharmacist to whom a prescription referred to in sub-regulation (1)(b) or (c) is presented must without delay notify a member of the Victoria Police and the Secretary of the circumstances concerning the presentation of the prescription.

Penalty: 50 penalty units.

32. Duty of pharmacist to notify different prescribers of similar supply

A pharmacist who is presented with a prescription for a drug of dependence or a Schedule 8 poison or Schedule 9 poison for a person whom the pharmacist has reason to believe was supplied in the previous 8 weeks with the same or a similar drug of dependence, Schedule 8 poison or Schedule 9 poison on a prescription written by a different prescriber must take all reasonable steps prior to supply or, if unable to do so, as soon as practicable after the supply has occurred, to inform the prescriber that the previous supply has
occurred unless the pharmacist has reason to believe the prescriber is already aware of the previous supply or prescription.

Penalty: 50 penalty units.

33. Retention of original prescriptions or orders once supply completed

(1) A pharmacist who supplies a Schedule 8 poison or Schedule 9 poison on a prescription or order of a registered medical practitioner, veterinary practitioner or dentist or a Schedule 8 poison on the prescription or order of a nurse practitioner must on the last occasion the supply is made—

(a) retain that prescription or order in a manner that maintains the integrity of the prescription or order; or

(b) in the case of a prescription or order on which other poisons or controlled substances may still be legally supplied, ensure that the prescription or order is durably marked in such a way that it can be seen clearly that further supplies of that Schedule 8 poison or Schedule 9 poison are not allowed.

Penalty: 50 penalty units.

(2) A pharmacist who retains a prescription or order pursuant to sub-regulation (1)(a) must retain that prescription or order on a file kept solely for the purpose of retaining such prescriptions or orders for a period of 3 years from the date the Schedule 8 poison or Schedule 9 poison (as the case requires) was last supplied.

(3) A pharmacist must produce a prescription or order referred to in sub-regulation (2) on demand to an authorised officer.
(4) It is sufficient compliance with sub-regulation (1) if a pharmacist retains a legible copy of the prescription or order if he or she is required to submit the original to a public authority by any Act of a State, a Territory or the Commonwealth.

Division 4—Storage

34. General security requirement—Schedule 4 poisons

(1) A person to whom this regulation applies must store any Schedule 4 poisons in the person's possession in a lockable storage facility.

Penalty: 100 penalty units.

(2) A person to whom this regulation applies must take all reasonable steps to ensure that the storage facility referred to in sub-regulation (1) remains locked and secured to prevent access by an unauthorised person at all times, except—

(a) when it is necessary to open it to carry out an essential operation in connection with the poisons stored in it; or

(b) in the case of poisons stored in accordance with sub-regulation (3)(a) or (b), when a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, authorised optometrist or nurse authorised under regulation 5(2)(a) is present.

Penalty: 100 penalty units.
(3) Despite sub-regulations (1) and (2), a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner or authorised optometrist may store Schedule 4 poisons at the premises in which he or she carries out the lawful practice of his or her profession in—

(a) the dispensing area or pharmacy department of the premises; or

(b) the treatment room of the premises; or

(c) in an area separated from the remainder of the premises and to which only a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner or authorised optometrist has access.

(4) This regulation applies to—

(a) a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner and authorised optometrist; and

(b) a person holding a licence, permit or warrant to manufacture, sell, supply, purchase or otherwise obtain, possess, administer or use a Schedule 4 poison; and

(c) a nurse approved under regulation 5(3) to be in possession of a Schedule 4 poison.

35. Storage of Schedule 8 and Schedule 9 poisons

(1) A person to whom this regulation applies must store any Schedule 8 poisons or Schedule 9 poisons in that person's possession in a lockable storage facility that provides not less security than a storage facility that is—

(a) constructed of mild steel plate of 10 millimetres thickness; and
(b) constructed with continuous welding of all edges; and

(c) fitted with a door constructed of mild steel plate of 10 millimetres thickness, swung on hinges welded to the door and body of the cabinet, the door being flush fitting with a clearance around the door of not more than 1.5 millimetres; and

(d) fitted with a fixed locking bar, welded to the inside face of the door near the hinge edge, which engages in a rebate when the door is closed; and

(e) fitted with a 6 lever lock securely affixed to the rear face of the door; and

(f) securely attached to a wall or floor in such a manner that it will resist attack by hand tools for 30 minutes or power tools for 5 minutes.

Penalty: 100 penalty units.

(2) A person to whom this regulation applies must take all reasonable steps to ensure that the storage facility remains locked and secured to prevent access by an unauthorised person at all times, except when it is necessary to open it to carry out an essential operation in connection with the poisons stored in it.

Penalty: 100 penalty units.

(3) A person to whom this regulation applies must take all reasonable steps to ensure that the storage facility referred to in sub-regulation (1) is used only for the storage of Schedule 8 poisons, Schedule 9 poisons and drugs of dependence.

Penalty: 100 penalty units.
(4) A person to whom this regulation applies must keep any Schedule 8 poisons or Schedule 9 poisons in the person's possession which are being transported for use in another place in a locked storage facility which is secured to prevent unauthorised access to those poisons.

Penalty: 100 penalty units.

(5) Despite sub-regulations (1) and (3) a registered medical practitioner or nurse practitioner may keep up to 6 divided doses of a Schedule 8 poison in a lockable storage facility for use in an emergency.

(6) This regulation applies to—

(a) a registered medical practitioner, pharmacist, veterinary practitioner, dentist and nurse practitioner; and

(b) a person holding a licence, permit or warrant to manufacture, sell, supply, purchase or otherwise obtain, possess, administer or use a Schedule 8 poison or a Schedule 9 poison; and

(c) a nurse approved under regulation 5(3) to be in possession of a Schedule 8 poison or a Schedule 9 poison.

36. Storage requirements

(1) A person to whom this regulation applies must—

(a) store any Schedule 4 poison in the person's possession in a lockable storage facility; and

(b) store any Schedule 8 poison or Schedule 9 poison in the person's possession in a lockable room or in a lockable storage facility which is firmly fixed to a floor or wall; and
(c) take all reasonable steps to ensure that the storage facilities for Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons remain locked and secured to prevent access by an unauthorised person at all times, except when it is necessary to open them to carry out an essential operation in connection with the poisons stored in them.

Penalty: 100 penalty units.

(2) This regulation applies to—

(a) a person referred to in Column 1 of Part 2 of the table in regulation 5 as authorised to have in his or her possession a Schedule 4 poison or Schedule 8 poison; and

(b) an approved provider of an aged care service if—

(i) in that service there is a resident who is receiving a high level of residential care; and

(ii) that resident has been supplied, on prescription, with a Schedule 4 poison, a Schedule 8 poison, or a Schedule 9 poison.

37. Additional security provisions required in certain circumstances

(1) Subject to sub-regulation (2), the Secretary may—

(a) direct a person to whom regulation 34, 35 or 36 applies to provide more secure storage for Schedule 4 poisons, Schedule 8 poisons or Schedule 9 poisons than that described in regulations 34, 35 and 36; or
(b) grant approval for a person to store substances other than Schedule 8 poisons or Schedule 9 poisons in the same storage facility as Schedule 8 poisons or Schedule 9 poisons.

(2) Before giving a direction or granting approval under sub-regulation (1) the Secretary—

(a) must have regard to—

(i) the nature and quantity of the poisons or controlled substances being stored; and

(ii) the location, layout and construction of the storage facility and the premises; and

(iii) the warning devices and detectors with which the storage facility and premises are equipped; and

(iv) the number and frequency of transactions; and

(v) the number of persons requiring access; and

(b) may have regard to any other factors the Secretary considers relevant in the circumstances.

(3) A person who is directed by the Secretary to provide more secure storage under sub-regulation (1)(a) must provide that secure storage.

Penalty: 100 penalty units.
Part 2—Drugs of Dependence, Schedule 4 Poisons, Schedule 8 Poisons and Schedule 9 Poisons

Drugs, Poisons and Controlled Substances Regulations 2006
S.R. No. 57/2006

38. Definition of transaction

In this Division "transaction" means the manufacture, preparation, use, transfer within and between premises, administration, sale, supply, disposal or destruction of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison.

39. Persons required to keep records

The following persons are required to keep records under this Division—

(a) a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner and authorised optometrist; and

(b) a person holding a licence, permit or warrant to manufacture, sell, supply, purchase or otherwise obtain, possess, administer or use a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison; and

(c) a nurse authorised under regulation 5(2) to be in possession of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison; and

(d) an approved provider of an aged care service if—

   (i) in that service there is a resident who is receiving a high level of residential care; and

   (ii) that resident has been supplied, on prescription, with a Schedule 4 poison, a Schedule 8 poison, or a Schedule 9 poison; and

(e) a person referred to in Column 1 of Part 2 of the table in regulation 5 as authorised to have in his or her possession a Schedule 4 poison or Schedule 8 poison.
40. Details to be contained in records

(1) A person required to keep records under this Division must, as soon as practicable after completing a transaction, record—

(a) the date of each transaction; and

(b) the name, form, strength and quantity of the poison or controlled substance; and

(c) in the case of a transaction involving supply on a prescription—

(i) the name of the prescriber; and

(ii) the directions for use as set out on the prescription; and

(d) the name and address or location of persons to whom the poison or controlled substance is transferred, supplied, administered or otherwise disposed of; and

(e) in the case of a Schedule 8 poison or Schedule 9 poison purchased or obtained, the name and address of the person from whom the poison was purchased or obtained; and

(f) in the case of a Schedule 8 poison or Schedule 9 poison which has been destroyed by a registered medical practitioner, pharmacist, veterinary practitioner or dentist in accordance with regulation 51(3)(a), the details set out in regulation 51(3)(b); and

(g) in the case of a Schedule 8 poison which has been destroyed by a nurse practitioner in accordance with regulation 51(2)(a), the details set out in regulation 51(2)(b); and
(h) in the case of the unused contents of a previously sterile container containing a Schedule 8 poison or a Schedule 9 poison that are not required for administration to a patient which has been destroyed by a registered medical practitioner, pharmacist, veterinary practitioner, dentist or nurse in accordance with regulation 51(4)(a), the details set out in regulation 51(4)(b); and

(i) in the case of a transaction involving supply or administration to a specific person, the name of the person carrying out the transaction.

Penalty: 50 penalty units.

(2) Despite sub-regulation (1), a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner or authorised optometrist is not required to keep a record of the destruction of Schedule 4 poisons.

41. Methods by which records are to be retained and retrieved

(1) A person required to keep records under this Division must ensure that the records of all transactions in Schedule 8 poisons or Schedule 9 poisons kept by the person—

(a) are able to be readily sorted by poison or controlled substance; and

(b) show the true and accurate balance of each Schedule 8 poison and Schedule 9 poison remaining in the person's possession after each transaction; and

(c) show the name of the person carrying out the transaction.

Penalty: 50 penalty units.
(2) A person required to keep records under this Division must keep records made by the person readily retrievable in English.

Penalty: 50 penalty units.

(3) A person required to keep records under this Division must retain a record of each transaction in a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison in a readily retrievable form for 3 years from the date of the transaction.

Penalty: 50 penalty units.

(4) A person required to keep records under this Division must produce on demand to an authorised officer all records required to be kept under this Division.

Penalty: 50 penalty units.

(5) A person required to keep records under this Division must maintain the records made by him or her of transactions in Schedule 8 poisons or Schedule 9 poisons in a manner that ensures that the records cannot be altered, obliterated, deleted or removed without detection.

Penalty: 50 penalty units.

(6) An approved provider of an aged care service where there is a resident who is receiving a high level of residential care who has been supplied, on prescription, with a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison need not comply with sub-regulation (1) in relation to Schedule 8 poisons or Schedule 9 poisons that are—

(a) supplied on prescription for a specific person; and
(b) supplied in tamper-evident compartments of dose administration containers; and

(c) labelled by a registered medical practitioner, pharmacist, dentist or nurse practitioner for administration at times specified on the label.

42. Accurate records to be kept

ENDNOTES

Fee Units

These Regulations provide for fees by reference to fee units established under the *Monetary Units Act 2004*.

The amount of the fee is to be calculated, in accordance with section 7 of that Act, by multiplying the number of fee units applicable by the value of a fee unit.

The value of a fee unit for the financial year commencing 1 July 2005 is $10.49. The value of a fee unit for the financial year commencing 1 July 2006 is $10.75. The amount of the calculated fee may be rounded to the nearest 10 cents.

The value of a fee unit for future financial years is to be fixed by the Treasurer under section 5 of the *Monetary Units Act 2004*. The value of a fee unit for a financial year must be published in the Government Gazette and a Victorian newspaper before 1 June in the preceding financial year.
