- (3) This Part does not apply to claims in proceedings of a class that is excluded by the regulations from the operation of this Part.
- 46. Application to contract**
- (1) This Part does not prevent the parties to a contract from making express provision for their rights, obligations and liabilities under the contract (the **express provision**) in relation to any matter to which this Part applies and does not limit or otherwise affect the operation of the express provision.
 - (2) Sub-section (1) extends to any provision of this Part even if the provision applies to liability in contract.

47. Effect of this Part on the common law

Except as provided by this Part, this Part is not intended to affect the common law.

Division 2—Duty of Care

48. General principles

- (1) A person is not negligent in failing to take precautions against a risk of harm unless—
 - (a) the risk was foreseeable (that is, it is a risk of which the person knew or ought to have known); and
 - (b) the risk was not insignificant; and
 - (c) in the circumstances, a reasonable person in the person's position would have taken those precautions.
- (2) In determining whether a reasonable person would have taken precautions against a risk of harm, the court is to consider the following (amongst other relevant things)—
 - (a) the probability that the harm would occur if care were not taken;
 - (b) the likely seriousness of the harm;
 - (c) the burden of taking precautions to avoid the risk of harm;
 - (d) the social utility of the activity that creates the risk of harm.
- (3) For the purposes of sub-section (1)(b)—
 - (a) **insignificant risks** include, but are not limited to, risks that are far-fetched or fanciful; and

Wrongs and Other Acts (Law of Negligence) Act 2003
Act No. 102/2003

Part 2—Amendments to Wrongs Act 1958

s. 3

- (b) risks that are **not insignificant** are all risks other than insignificant risks and include, but are not limited to, significant risks.

49. Other principles

In a proceeding relating to liability for negligence—

- (a) the burden of taking precautions to avoid a risk of harm includes the burden of taking precautions to avoid similar risks of harm for which the person may be responsible; and
- (b) the fact that a risk of harm could have been avoided by doing something in a different way does not of itself give rise to or affect liability for the way in which the thing was done; and
- (c) the subsequent taking of action that would (had the action been taken earlier) have avoided a risk of harm does not of itself give rise to or affect liability in respect of the risk and does not of itself constitute an admission of liability in connection with the risk.

50. Duty to warn of risk—reasonable care

A person (the **defendant**) who owes a duty of care to another person (the **plaintiff**) to give a warning or other information to the plaintiff in respect of a risk or other matter, satisfies that duty of care if the defendant takes reasonable care in giving that warning or other information.

Division 3—Causation

51. General principles

- (1) A determination that negligence caused particular harm comprises the following elements—
 - (a) that the negligence was a necessary condition of the occurrence of the harm (**factual causation**); and
 - (b) that it is appropriate for the scope of the negligent person's liability to extend to the harm so caused (**scope of liability**).
- (2) In determining in an appropriate case, in accordance with established principles, whether negligence that cannot be established as a necessary condition of the occurrence of harm should be taken to establish factual causation, the court is to consider (amongst other relevant things) whether or not and why responsibility for the harm should be imposed on the negligent party.
- (3) If it is relevant to the determination of factual causation to determine what the person who suffered harm (the **injured person**) would have done if the negligent person had not been negligent, the matter is to be determined subjectively in the light of all relevant circumstances.
- (4) For the purpose of determining the scope of liability, the court is to consider (amongst other relevant things) whether or not and why responsibility for the harm should be imposed on the negligent party.

Wrongs and Other Acts (Law of Negligence) Act 2003
Act No. 102/2003

Part 2—Amendments to Wrongs Act 1958

s. 3

52. Burden of proof

In determining liability for negligence, the plaintiff always bears the burden of proving, on the balance of probabilities, any fact relevant to the issue of causation.

Division 4—Awareness of Risk

53. Meaning of obvious risk

- (1) For the purposes of section 54, an **obvious risk** to a person who suffers harm is a risk that, in the circumstances, would have been obvious to a reasonable person in the position of that person.
- (2) Obvious risks include risks that are patent or a matter of common knowledge.
- (3) A risk of something occurring can be an obvious risk even though it has a low probability of occurring.
- (4) A risk can be an obvious risk even if the risk (or a condition or circumstance that gives rise to the risk) is not prominent, conspicuous or physically observable.
- (5) To remove any doubt, it is declared that a risk from a thing, including a living thing, is not an obvious risk if the risk is created because of a failure on the part of a person to properly operate, maintain, replace, prepare or care for the thing, unless the failure itself is an obvious risk.

54. Voluntary assumption of risk

- (1) If, in a proceeding on a claim for damages for negligence, a defence of voluntary assumption of risk (*volenti non fit injuria*) is raised and the risk of harm is an obvious risk, the person who suffered harm is

Wrongs and Other Acts (Law of Negligence) Act 2003
Act No. 102/2003

s. 3

Part 2—Amendments to Wrongs Act 1958

presumed to have been aware of the risk, unless the person proves on the balance of probabilities that the person was not aware of the risk.

- (2) Sub-section (1) does not apply to—
- (a) a proceeding on a claim for damages relating to the provision of or the failure to provide a professional service or health service; or
 - (b) a proceeding on a claim for damages in respect of risks associated with work done by one person for another.
- (3) Without limiting section 47, the common law continues to apply, unaffected by sub-section (1), to a proceeding referred to in sub-section (2).

55. No liability for materialisation of inherent risk

- (1) A person is not liable in negligence for harm suffered by another person as a result of the materialisation of an inherent risk.
- (2) An **inherent risk** is a risk of something occurring that cannot be avoided by the exercise of reasonable care.
- (3) This section does not operate to exclude liability in connection with a duty to warn of a risk.

56. Plaintiff to prove unawareness of risk

- (1) In any proceeding where, for the purpose of establishing that a person (the **defendant**) has breached a duty of care owed to a person who suffered harm (the **plaintiff**), the plaintiff alleges that the defendant has—

Wrongs and Other Acts (Law of Negligence) Act 2003
Act No. 102/2003

Part 2—Amendments to Wrongs Act 1958

s. 3

- (a) failed to give a warning about a risk of harm to the plaintiff; or
 - (b) failed to give other information to the plaintiff—
- the plaintiff bears the burden of proving, on the balance of probabilities, that the plaintiff was not aware of the risk or information.
- (2) Sub-section (1) does not apply to a proceeding on a claim for damages in respect of risks associated with work done by one person for another.
 - (3) Despite sub-section (2), sub-section (1) applies to a proceeding referred to in sub-section (2) if the proceeding relates to the provision of or the failure to provide a health service.
 - (4) Without limiting section 47, the common law continues to apply, unaffected by sub-section (1), to a proceeding referred to in sub-section (2) to which sub-section (1) does not apply.
 - (5) Nothing in this section is intended to alter any duty of care to give a warning of a risk of harm or other information.

Division 5—Negligence of professionals and persons professing particular skills

57. Definition

In this Division "**professional**" means an individual practising a profession.

58. Standard of care to be expected of persons holding out as possessing a particular skill

In a case involving an allegation of negligence against a person (the **defendant**) who holds himself or herself out as possessing a particular skill, the standard to be applied by a court in determining whether the defendant acted with due care is, subject to this Division, to be determined by reference to—

- (a) what could reasonably be expected of a person possessing that skill; and
- (b) the relevant circumstances as at the date of the alleged negligence and not a later date.

59. Standard of care for professionals

- (1) A professional is not negligent in providing a professional service if it is established that the professional acted in a manner that (at the time the service was provided) was widely accepted in Australia by a significant number of respected practitioners in the field (**peer professional opinion**) as competent professional practice in the circumstances.
- (2) However, peer professional opinion cannot be relied on for the purposes of this section if the court determines that the opinion is unreasonable.
- (3) The fact that there are differing peer professional opinions widely accepted in Australia by a significant number of respected practitioners in the field concerning a matter does not prevent any one or more (or all) of those opinions being relied on for the purposes of this section.

Wrongs and Other Acts (Law of Negligence) Act 2003
Act No. 102/2003

Part 2—Amendments to Wrongs Act 1958

s. 3

-
- (4) Peer professional opinion does not have to be universally accepted to be considered widely accepted.
 - (5) If, under this section, a court determines peer professional opinion to be unreasonable, it must specify in writing the reasons for that determination.
 - (6) Sub-section (5) does not apply if a jury determines the matter.

60. Duty to warn of risk

Section 59 does not apply to a liability arising in connection with the giving of (or the failure to give) a warning or other information in respect of a risk or other matter to a person if the giving of the warning or information is associated with the provision by a professional of a professional service.

Division 6—Non-delegable duties and vicarious liability

61. Liability based on non-delegable duty

- (1) The extent of liability in tort of a person (the **defendant**) for breach of a non-delegable duty to ensure that reasonable care is taken by a person in the carrying out of any work or task delegated or otherwise entrusted to the person by the defendant is to be determined as if the defendant were vicariously liable for the negligence of the person in connection with the performance of the work or task.
 - (2) This section applies to a claim for damages in tort whether or not it is a claim for damages resulting from negligence, despite anything to the contrary in section 44.
-

Division 7—Contributory Negligence

62. Standard of care for contributory negligence

- (1) The principles that are applicable in determining whether a person has been negligent also apply in determining whether the person who suffered harm has been contributorily negligent in failing to take precautions against the risk of that harm.
- (2) For that purpose—
 - (a) the standard of care required of the person who suffered harm is that of a reasonable person in the position of that person; and
 - (b) the matter is to be determined on the basis of what that person knew or ought to have known at the time.

63. Contributory negligence can defeat claim

In determining the extent of a reduction in damages by reason of contributory negligence, a court may determine a reduction of 100% if the court thinks it just and equitable to do so, with the result that the claim for damages is defeated.

Division 8—General

64. Regulations

The Governor in Council may make regulations generally prescribing any matter or thing required or permitted by this Part to be prescribed or necessary to be prescribed to give effect to this Part.

Wrongs and Other Acts (Law of Negligence) Act 2003
Act No. 102/2003

Part 2—Amendments to Wrongs Act 1958

s. 3

65. Supreme Court—limitation of jurisdiction

It is the intention of sections 48(2), 51(2), 51(3), 51(4), 58, 59(5) and 62 to alter or vary section 85 of the **Constitution Act 1975**.

66. Transitional

- (1) This Part extends to negligence arising before, on or after the commencement day.
- (2) Section 61 extends to liability in tort arising before, on or after the commencement day.
- (3) Despite sub-sections (1) and (2), this Part does not apply to proceedings commenced in a court before the commencement day.
- (4) In this section "**commencement day**" means the day on which section 3 of the **Wrongs and Other Acts (Law of Negligence) Act 2003** comes into operation.

PART XI—MENTAL HARM

67. Definitions

In this Part—

"consequential mental harm" means mental harm that is a consequence of an injury of any other kind;

"court" includes tribunal, and, in relation to a claim for damages, means any court or tribunal by or before which the claim falls to be determined;

"damages" includes any form of monetary compensation;

"injury" means personal or bodily injury and includes—

- (a) pre-natal injury; and
- (b) psychological or psychiatric injury; and
- (c) disease; and
- (d) aggravation, acceleration or recurrence of an injury or disease;

"mental harm" means psychological or psychiatric injury;

"negligence" means failure to exercise reasonable care;

"pure mental harm" means mental harm other than consequential mental harm.

68. Application of Part

This Part applies to any claim for damages resulting from negligence, regardless of whether the claim is brought in tort, in contract, under statute or otherwise.

69. Exclusions from Part

- (1) This Part does not apply to the following claims for damages—
- (a) a claim to which Part 3, 6 or 10 of the **Transport Accident Act 1986** applies;
 - (b) a claim to which Part IV of the **Accident Compensation Act 1985** applies;
 - (c) a claim in respect of an injury which entitles, or may entitle, a worker, or a dependant of a worker, within the meaning of the **Workers Compensation Act 1958** to compensation under that Act;
 - (d) a claim in respect of an injury which entitles, or may entitle, a person or a dependant of a person to compensation under any of the following—
 - (i) Part V of the **Country Fire Authority Act 1958** or the regulations made under that Act;
 - (ii) Part 3 of the **Victoria State Emergency Service Act 1987**;
 - (iii) Part 6 of the **Emergency Management Act 1986**;

- (e) subject to sub-section (2), a claim for damages in respect of an injury that is a dust-related condition within the meaning of the **Administration and Probate Act 1958**; or
 - (f) subject to sub-section (2), a claim for damages in respect of an injury resulting from smoking or other use of tobacco products, within the meaning of the **Tobacco Act 1987**, or exposure to tobacco smoke.
- (2) A claim for damages referred to in sub-section (1)(e) or (1)(f) does not include a claim for damages that relates to the provision of or the failure to provide a health service.
 - (3) This Part does not apply to claims in proceedings of a class that is excluded by the regulations from the operation of this Part.

70. Application to contract

- (1) This Part does not prevent the parties to a contract from making express provision for their rights, obligations and liabilities under the contract (the **express provision**) in relation to any matter to which this Part applies and does not limit or otherwise affect the operation of the express provision.
- (2) Sub-section (1) extends to any provision of this Part even if the provision applies to liability in contract.

71. Effect of this Part on the common law

Except as provided by this Part, this Part is not intended to affect the common law.

Act No. 102/2003

Part 2—Amendments to Wrongs Act 1958

s. 3

72. Mental harm—duty of care

- (1) A person (the **defendant**) does not owe a duty to another person (the **plaintiff**) to take care not to cause the plaintiff pure mental harm unless the defendant foresaw or ought to have foreseen that a person of normal fortitude might, in the circumstances of the case, suffer a recognised psychiatric illness if reasonable care were not taken.
- (2) For the purposes of the application of this section, the circumstances of the case include the following—
 - (a) whether or not the mental harm was suffered as the result of a sudden shock;
 - (b) whether the plaintiff witnessed, at the scene, a person being killed, injured or put in danger;
 - (c) the nature of the relationship between the plaintiff and any person killed, injured or put in danger;
 - (d) whether or not there was a pre-existing relationship between the plaintiff and the defendant.
- (3) This section does not affect the duty of care of a person (the **defendant**) to another (the **plaintiff**) if the defendant knows, or ought to know, that the plaintiff is a person of less than normal fortitude.

73. Limitation on recovery of damages for pure mental harm arising from shock

- (1) This section applies to the liability of a person (the **defendant**) for pure mental harm to a person (the **plaintiff**) arising wholly or partly from mental or nervous shock in connection with another person (the **victim**)

being killed, injured or put in danger by the act or omission of the defendant.

- (2) The plaintiff is not entitled to recover damages for pure mental harm unless—
 - (a) the plaintiff witnessed, at the scene, the victim being killed, injured or put in danger; or
 - (b) the plaintiff is or was in a close relationship with the victim.

- (3) For the purpose of the proceeding the public authority is not liable for damages caused by the wrongful exercise of or failure to exercise a function of the authority unless the provisions and policy of the enactment in which the duty to exercise the function is

- (4) Despite sub-section (1), sub-section (2) does not apply to a statutory duty that is imposed as an absolute duty on the public authority to do or not to do a particular thing.

85. Exercise of function or decision to exercise does not create duty

In a proceeding, the fact that a public authority exercises or decides to exercise a function does not of itself indicate that the authority is under a duty to exercise the function or that the function should be exercised in particular circumstances or in a particular way.
