Part 1—Preliminary

1 Objectives

The objectives of these Regulations are to—

(a) facilitate and enhance the orderly sale, supply, prescribing, administration and use of drugs, poisons and controlled substances by health professionals, authorised persons, licensed or permitted persons and the general public; and

(b) prescribe fees relating to the provision of licences and permits issued under the Drugs, Poisons and Controlled Substances Act 1981; and

(c) prescribe forms and other matters necessary to be prescribed for the purposes of the Drugs, Poisons and Controlled Substances Act 1981.

2 Authorising provisions

These Regulations are made under sections 129, 131, 132, 132A and 132B of the Drugs, Poisons and Controlled Substances Act 1981.

3 Revocation

The regulations set out in Schedule 1 are revoked.
4 Definitions

In these Regulations—

-aged care service has the same meaning as it has in the Aged Care Act 1997 of the Commonwealth;

- animal includes any bird, fish or insect;

- approved means approved in writing by the Secretary;

- approved provider has the same meaning as it has in the Aged Care Act 1997 of the Commonwealth;

- Australian Orthoptic Board means a committee constituted of the directors of the Australian Orthoptists Registration Body Pty Ltd;

- authorised optometrist means a registered optometrist whose registration is endorsed under section 94 of the Health Practitioner Regulation National Law;

- authorised podiatrist means a registered podiatrist whose registration is endorsed under section 94 of the Health Practitioner Regulation National Law;

- authorised registered midwife means a registered midwife whose registration is endorsed under section 94 of the Health Practitioner Regulation National Law;
**authorised registered nurse** means a registered nurse (Division 1) whose registration is endorsed under section 94 of the Health Practitioner Regulation National Law;

**enrolled nurse** means a person registered under the Health Practitioner Regulation National Law—

(a) to practise in the nursing and midwifery profession as a nurse (other than as a student); and

(b) in the enrolled nurses division of the Register of Nurses;

**high level of residential care** has the same meaning as it has in the Aged Care Act 1997 of the Commonwealth;

**listed regulated poison** means a Schedule 7 poison that is included in Part 2 of Chapter 1 of the Poisons Code in the list of substances that are not for general sale by retail;

---

**National Health (Continued Dispensing) Determination 2012** means the legislative instrument made under section 89A(3) of the National Health Act 1953 of the Commonwealth as formulated or published from time to time;
National Health (Residential Medication Chart) Determination 2012 means the legislative instrument made under section 93A(2) of the National Health Act 1953 of the Commonwealth as formulated or published from time to time;

*nurse* means—

(a) a registered nurse;

(b) an enrolled nurse other than an enrolled nurse who has a notation on his or her registration indicating that he or she is not qualified to administer medication;

*orthoptist* means a person who is registered as an orthoptist with the Australian Orthoptic Board;

*ovulatory stimulant* means a substance listed as an ovulatory stimulant in Part 2 of Chapter 1 of the Poisons Code;

*palliative care service* means a service which provides medical and nursing care to persons who are terminally ill;

*pharmacy* has the same meaning as it has in the Pharmacy Regulation Act 2010;
**pharmacy business** has the same meaning as it has in the Pharmacy Regulation Act 2010;

**pharmacy department** has the same meaning as it has in the Pharmacy Regulation Act 2010;

**prostaglandin** means a substance listed as a prostaglandin in Part 2 of Chapter 1 of the Poisons Code;

**registered dental hygienist** means a person registered under the Health Practitioner Regulation National Law—

(a) to practise in the dental profession as a dental hygienist (other than as a student); and

(b) in the dental hygienists division of the Register of Dental Practitioners;
registered dental therapist means a person registered under the Health Practitioner Regulation National Law—

(a) to practise in the dental profession as a dental therapist (other than as a student); and

(b) in the dental therapists division of the Register of Dental Practitioners;

registered oral health therapist means a person registered under the Health Practitioner Regulation National Law—

(a) to practice in the dental profession as an oral health therapist (other than as a student); and

(b) in the oral health therapists division of the Register of Dental Practitioners;

resident means a person who receives residential care in a residential facility;

residential care service has the meaning given by Schedule 1 to the Aged Care Act 1997 of the Commonwealth;

residential medication chart means an instruction, other than a prescription, given by a registered medical practitioner to a pharmacist to supply a Schedule 4 poison to the resident named on the residential medication chart, in accordance with the National Health (Residential Medication Chart) Determination 2012;
retinoid means a substance listed as a retinoid in Part 2 of Chapter 1 of the Poisons Code;

special Schedule 7 substance means a substance listed as a special Schedule 7 substance in Part 2 of Chapter 1 of the Poisons Code;

storage facility includes a cabinet, receptacle, cupboard, refrigerator or room;

thalidomide means—
(a) thalidomide for human use; or
(b) a substance listed as a thalidomide-like substance in Part 2 of Chapter 1 of the Poisons Code;

the Act means the Drugs, Poisons and Controlled Substances Act 1981.
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

Division 1—Possession

5 Possession of Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(1) A person or class of persons shown in an item in Column 1 of the following table is authorised to have in his or her possession a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison to the extent shown in Column 2.

</tbody>
</table>

(2) A nurse or registered midwife is authorised to possess those Schedule 4 poisons, Schedule 8 poisons or Schedule 9 poisons that are necessary for administration to a patient under the care of that nurse or registered midwife in accordance with—

(a) the instructions of and upon the authorisation for that patient by—

   (i) in the case of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison, a registered medical practitioner or dentist; or

   (ii) in the case of a Schedule 4 poison or Schedule 8 poison, a nurse practitioner or an authorised registered midwife; or

   (iii) in the case of a Schedule 4 poison specified in his or her endorsement of registration, an authorised optometrist or an authorised podiatrist; or

Reg. 5(2) amended by S.R. Nos 131/2010 reg. 6(6), 136/2012 reg. 6(5).

Reg. 5(2)(a)(ii) amended by S.R. No. 136/2012 reg. 6(6).

Reg. 5(2)(a)(iii) amended by S.R. No. 63/2007 reg. 6(6)(e).
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(b) the conditions of a permit to purchase or obtain and use a poison or controlled substance for the provision of health services; or

(c) the approval of the Secretary under subregulation (3).

(3) Subject to subregulation (4), the Secretary may approve the possession of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison by a nurse, class of nurses, registered midwife or class of registered midwife without the direct supervision of—

(a) in the case of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison, a registered medical practitioner or dentist; or

(b) in the case of a Schedule 4 poison or Schedule 8 poison, a nurse practitioner or an authorised registered midwife; or

(c) in the case of a Schedule 4 poison specified in his or her endorsement of registration, an authorised optometrist or an authorised podiatrist.

(4) The Secretary must not grant an approval referred to in subregulation (3) unless the Secretary considers that the approval—

(a) is necessary for the provision of health services; and

(b) is within the competence of a nurse or registered midwife without the direct supervision of a registered medical practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist (as the case requires).
6 Approval of Schedule 4 poisons and Schedule 8 poisons

The Secretary may approve Schedule 4 poisons or Schedule 8 poisons or classes of Schedule 4 poisons or Schedule 8 poisons for possession and use by a person or class of persons specified in an item in Column 1 of Part 2 of the table in regulation 5 to the extent specified in column 2 of the item applicable to that person or class of person.

7 Permit required for Schedule 9 poisons

A registered medical practitioner, pharmacist, veterinary practitioner or dentist must not manufacture, sell, supply, purchase or otherwise obtain, possess, administer, use or prescribe a Schedule 9 poison unless he or she holds a permit issued under the Act or these Regulations to do so.

Penalty: 100 penalty units.

Division 2—Treatment

8 Patient identity and therapeutic need to be determined—registered medical practitioners

(1) A registered medical practitioner must not administer, prescribe, sell or supply a drug of dependence or Schedule 8 poison unless—

(a) that drug or poison is for the medical treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ascertain the identity of that person; and

(c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that drug or poison.

Penalty: 100 penalty units.
(2) A registered medical practitioner must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the medical treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

9 Patient identity and therapeutic need to be determined—nurse practitioners

(1) A nurse practitioner must not administer, prescribe, sell or supply a Schedule 8 poison unless—

(a) that poison is for the treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ascertain the identity of that person; and

(c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

(1A) Nothing in subregulation (1) prohibits a nurse practitioner from administering a Schedule 8 poison in accordance with regulation 47(2).

Note

Regulation 47(2) describes circumstances in which a nurse may administer a Schedule 8 poison. For example, regulation 47(2)(b) allows a nurse to administer a Schedule 8 poison on the written instruction of a registered medical practitioner.
(2) A nurse practitioner must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

(3) Nothing in subregulation (2) prohibits a nurse practitioner from administering a Schedule 4 poison in accordance with regulation 47(3).

Note

Regulation 47(3) describes circumstances in which a nurse may administer a Schedule 4 poison. For example, regulation 47(3)(b) allows a nurse to administer a Schedule 4 poison on the written instruction of a registered medical practitioner.

9A Patient identity and therapeutic need to be determined—authorised registered nurse

(1) An authorised registered nurse must not administer or supply a Schedule 8 poison unless—

(a) that poison is for the treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ascertain the identity of that person; and

(c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.
(1A) Nothing in subregulation (1) prohibits an authorised registered nurse from administering a Schedule 8 poison in accordance with regulation 47(2).

Note
Regulation 47(2) describes circumstances in which a nurse may administer a Schedule 8 poison. For example, regulation 47(2)(b) allows a nurse to administer a Schedule 8 poison on the written instruction of a registered medical practitioner.

(2) An authorised registered nurse must not administer or supply a Schedule 4 poison unless—

(a) that poison is for the treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

(3) Nothing in subregulation (2) prohibits an authorised registered nurse from administering a Schedule 4 poison in accordance with regulation 47(3).

Note
Regulation 47(3) describes circumstances in which a nurse may administer a Schedule 4 poison. For example, regulation 47(3)(b) allows a nurse to administer a Schedule 4 poison on the written instruction of a registered medical practitioner.

9B Patient identity and therapeutic need to be determined—authorised registered midwife

(1) An authorised registered midwife must not administer, prescribe, sell or supply a Schedule 8 poison unless—

(a) that poison is for the midwifery treatment of a person under his or her care; and
Drugs, Poisons and Controlled Substances Regulations 2006
S.R. No. 57/2006
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(b) he or she has taken all reasonable steps to ascertain the identity of that person; and

c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

(2) Nothing in subregulation (1) prohibits an authorised registered midwife from administering a Schedule 8 poison in accordance with regulation 47(2).

Note
Regulation 47(2) describes circumstances in which a registered midwife may administer a Schedule 8 poison. For example, regulation 47(2)(b) allows a registered midwife to administer a Schedule 8 poison on the written instruction of a registered medical practitioner.

(3) An authorised registered midwife must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the midwifery treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

(4) Nothing in subregulation (3) prohibits an authorised registered midwife from administering a Schedule 4 poison in accordance with regulation 47(3).

Note
Regulation 47(3) describes circumstances in which a registered midwife may administer a Schedule 4 poison. For example, regulation 47(3)(b) allows a registered midwife to administer a Schedule 4 poison on the written instruction of a registered medical practitioner.
10 Patient identity and therapeutic need to be determined—dentists

(1) A dentist must not administer, prescribe, sell or supply a drug of dependence or Schedule 8 poison unless—

(a) that drug or poison is for the dental treatment of a person under his or her care; and
(b) he or she has taken all reasonable steps to ascertain the identity of that person; and
(c) he or she has taken all reasonable steps to ensure a therapeutic need exists for that drug or poison.

Penalty: 100 penalty units.

(2) A dentist must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the dental treatment of a person under his or her care; and
(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

11 Therapeutic need to be determined—authorised optometrists

An authorised optometrist must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the ocular treatment of a person under his or her care; and
(b) the optometrist has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.
11A Therapeutic need to be determined—authorised podiatrists

An authorised podiatrist must not administer, prescribe, sell or supply a Schedule 4 poison unless—

(a) that poison is for the podiatric treatment of a person under his or her care; and

(b) the podiatrist has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 100 penalty units.

12 Patient identity and therapeutic need to be determined for drugs of dependence—pharmacists

(1) A pharmacist who supplies a drug of dependence to or for a person other than by wholesale or on the prescription of a registered medical practitioner, dentist, nurse practitioner or an authorised registered midwife or on a residential medication chart completed by a registered medical practitioner for a drug of dependence must—

(a) take all reasonable steps to ascertain the identity of the person to or for whom it is proposed to supply the drug of dependence; and

(b) do so only for the therapeutic use of the person after having taken all reasonable steps to ensure a therapeutic need for the drug of dependence exists.

Penalty: 100 penalty units.
(2) A pharmacist who supplies a drug of dependence to a person for an animal other than by wholesale or on the prescription of a veterinary practitioner must do so only for the therapeutic use of the animal after having taken all reasonable steps to ensure a therapeutic need for the drug of dependence exists.

Penalty: 100 penalty units.

13 Therapeutic need to be determined—veterinary practitioners

A veterinary practitioner must not administer, prescribe, sell or supply a drug of dependence, Schedule 8 poison or Schedule 4 poison unless—

(a) that drug or poison is for the treatment of an animal under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that drug or poison.

Penalty: 100 penalty units.

14 Notification of fraudulent obtaining of drugs or poisons

(1) A registered medical practitioner, pharmacist, veterinary practitioner or dentist who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence—

(a) a drug of dependence, Schedule 9 poison, Schedule 8 poison or Schedule 4 poison; or

(b) an order or prescription for a drug of dependence, Schedule 9 poison, Schedule 8 poison or Schedule 4 poison—

must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.
Drugs, Poisons and Controlled Substances Regulations 2006  
S.R. No. 57/2006  
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(2) A nurse practitioner or an authorised registered midwife who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence—

(a) a Schedule 8 poison or Schedule 4 poison; or
(b) an order or prescription for a Schedule 8 poison or Schedule 4 poison—

must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.

(3) An authorised optometrist who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence, a Schedule 4 poison or an order or prescription for a Schedule 4 poison, must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.

(4) An authorised podiatrist who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence, a Schedule 4 poison or an order or prescription for a Schedule 4 poison, must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.

(5) An authorised registered nurse who suspects or has reason to believe that a person has obtained from him or her by means of a false pretence a Schedule 8 poison or Schedule 4 poison must immediately inform the Secretary and a member of the Victoria Police of that suspicion or belief.

Penalty: 50 penalty units.
15 Pharmacist administration, sale or supply authorised from within Victoria

(1) A pharmacist must not administer, sell or supply a Schedule 4 poison or Schedule 8 poison except—

(a) in accordance with section 13(3) of the Act; or

(b) subject to regulation 16, on the original prescription of—

(i) in the case of a Schedule 8 poison, a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner or an authorised registered midwife;

(ii) in the case of a Schedule 4 poison, a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner or an authorised registered midwife;

(iii) in the case of a Schedule 4 poison specified in his or her endorsement of registration, an authorised optometrist or an authorised podiatrist; or

(c) in accordance with regulation 27; or

(ca) in accordance with regulation 49A(1); or

(d) in the case of a Schedule 8 poison, on the order of a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner or an authorised registered midwife; or
(e) in the case of a Schedule 4 poison, on the order of—

(i) a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner or an authorised registered midwife; or

(ii) an authorised optometrist or an authorised podiatrist, in accordance with his or her endorsement of registration; or

(ea) in the case of a Schedule 4 poison for a resident, on a residential medication chart completed by a registered medical practitioner which—

(i) is signed by the registered medical practitioner; and

(ii) includes a copy of the page of the residential medication chart identifying the resident and the registered medical practitioner, the name of the pharmacy and the complete contact details of the pharmacy; or

(f) on the order of a person holding a permit for that Schedule 4 poison or Schedule 8 poison; or

(g) to a person referred to in Column 1 of Part 2 of the table in regulation 5 to the extent referred to in Column 2 of that Part of that Table.

Penalty: 100 penalty units.

(2) Despite subregulation (1), in an emergency, a pharmacist may, if he or she considers it necessary to ensure continuity of treatment, supply once only a Schedule 4 poison without the prescription.
of a registered medical practitioner, nurse practitioner or an authorised registered midwife if—

(a) the pharmacist is satisfied that—

(i) there is an immediate need for the Schedule 4 poison and it is impracticable for the patient to obtain a prescription in time to meet that need; and

(ii) treatment with that Schedule 4 poison has been previously prescribed for the patient by a registered medical practitioner, nurse practitioner or an authorised registered midwife; and

(iii) the patient, or the agent of the patient, or a person who has the care of, or is assisting in the care of, the patient, is aware of the appropriate dose of that Schedule 4 poison for that patient; and

(b) the quantity supplied does not exceed—

(i) 3 days' supply; or

(ii) if it is not practical to supply a quantity required for 3 days, the smallest commercially available pack.

(3) Despite subregulation (1), if a pharmacist considers it necessary to ensure continuity of treatment of a person, he or she may supply a Schedule 4 poison to a person without a prescription once within a 12 month period if the pharmacist is satisfied that—

(a) the Schedule 4 poison is listed in the National Health (Continued Dispensing) Determination 2012; and
Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(b) the conditions in Part 2 of the National Health (Continued Dispensing) Determination 2012 are met; and

c) the Minister has approved the Schedule 4 poison as suitable for supply under regulation 15A.

15A Minister may approve supply without prescription

(1) For the purposes of regulation 15(3) the Minister may, by notice published in the Government Gazette, approve a Schedule 4 poison as suitable for supply.

(2) An approval notice under subregulation (1) takes effect—

(a) on the date of publication of the approval notice in the Government Gazette; or

(b) on a later date specified in the notice.

16 Supply on copy of prescription permitted in certain circumstances

(1) Subject to subregulation (2), a pharmacist may supply a Schedule 4 poison or a Schedule 8 poison on the copy of an original prescription if the original prescription is required to be submitted to a public authority by any Act of a State or Territory or the Commonwealth.

(2) A pharmacist must not supply a Schedule 4 poison or a Schedule 8 poison on the copy of an original prescription unless the copy of the original prescription is certified by or accompanied by a certification from—

(a) the pharmacist who received the original prescription but did not supply all of the items on that prescription; or
(b) a pharmacist who has previously supplied the Schedule 4 poison or Schedule 8 poison on that original prescription.

Penalty: 100 penalty units.

17 **Pharmacist administration, sale or supply authorised from outside Victoria**

Despite regulation 15, a pharmacist may supply a Schedule 4 poison on the prescription of a person who is registered in another State or Territory as a person who is—

(a) permitted to practice veterinary science; and

(b) permitted by a law of that State or Territory to prescribe Schedule 4 poisons.

18 **Form of notification of a drug-dependent person**

For the purposes of section 33(5) of the Act, the prescribed form is the form of DP1 in Schedule 2.

19 **Form of application for Schedule 9 permit or Schedule 8 permit**

(1) For the purposes of section 33A(2) of the Act, the prescribed form of application for a Schedule 9 permit is the form of DP2 in Schedule 2.

(2) For the purposes of sections 34(4) of the Act, the prescribed form of application for a Schedule 8 permit is the form of DP2A in Schedule 2.

20 **Form of Schedule 9 permit and Schedule 8 permit**

(1) For the purposes of section 33B(2) of the Act, the prescribed form of a Schedule 9 permit is the form of DP3 in Schedule 2.
(2) For the purposes of section 34A(2) of the Act, the prescribed form of a Schedule 8 permit is the form of DP3 in Schedule 2.

21 Permit required in particular circumstances for supply of methadone

(1) For the purposes of preventing the improper use of methadone, a registered medical practitioner or nurse practitioner must not administer, supply or prescribe methadone in circumstances where the registered medical practitioner or nurse practitioner is not required to hold a Schedule 8 permit unless he or she—

(a) has a permit from the Secretary authorising that registered medical practitioner or nurse practitioner to administer, supply or prescribe methadone; or

(b) is authorised by section 34D, 34E or 34F of the Act to administer, supply or prescribe methadone.

Penalty: 100 penalty units.

(2) Despite subregulation (1), a registered medical practitioner or nurse practitioner is not required to have a permit under this regulation if—

(a) he or she is treating a patient at an oncology clinic or a pain clinic at a hospital; or

(b) he or she is treating a patient who is under the care of a palliative care service.

21A Permit required in particular circumstances for supply of nabiximols

For the purposes of preventing the improper use of nabiximols, a registered medical practitioner or nurse practitioner must not administer, supply or prescribe nabiximols in circumstances where the registered medical practitioner or nurse
practitioner is not required to hold a Schedule 8 permit unless he or she—

(a) has a permit from the Secretary authorising that registered medical practitioner or nurse practitioner to administer, supply or prescribe nabiximols; or

(b) is authorised by section 34D, 34E or 34F of the Act to administer, supply or prescribe nabiximols.

Penalty: 100 penalty units.

21B Permit required in particular circumstances for supply of sodium oxybate

For the purposes of preventing the improper use of sodium oxybate, a registered medical practitioner or nurse practitioner must not administer, supply or prescribe sodium oxybate in circumstances where the registered medical practitioner or nurse practitioner is not required to hold a Schedule 8 permit unless the registered medical practitioner or nurse practitioner—

(a) has a permit from the Secretary authorising that registered medical practitioner or nurse practitioner to administer, supply or prescribe sodium oxybate; or

(b) is authorised by section 34D, 34E or 34F of the Act to administer, supply or prescribe sodium oxybate.

Penalty: 100 penalty units.
22 Permit required in particular circumstances for supply of amphetamine, dexamphetamine, lisdexamfetamine, methylamphetamine and methylphenidate

(1) For the purposes of preventing the improper use of amphetamine, dexamphetamine, lisdexamfetamine, methylamphetamine or methylphenidate, a registered medical practitioner or nurse practitioner must not administer, supply or prescribe any one or more of those substances in circumstances where the registered medical practitioner or nurse practitioner is not required to hold a Schedule 8 permit unless he or she—

(a) has a permit from the Secretary authorising that registered medical practitioner or nurse practitioner to administer, supply or prescribe one or more of those substances; or

(b) is authorised by section 34D, 34E or 34F of the Act to administer, supply or prescribe any one or more of those substances.

Penalty: 100 penalty units.

(2) Despite subregulation (1), a registered medical practitioner is not required to have a permit under this regulation if he or she is—

(a) a paediatrician who is treating a person for attention deficit disorder; or

(b) a psychiatrist who is treating a person for attention deficit disorder.
22A Applications for permits under regulations 21, 21A, 21B or 22

(1) The prescribed form of an application for a permit required under regulation 21 authorising the administration, supply or prescription of methadone is the form of DP2A in Schedule 2.

(2) The prescribed form of an application for a permit required under regulation 21A authorising the administration, supply or prescription of nabiximols is the form of DP2A in Schedule 2.

(2A) The prescribed form of an application for a permit required under regulation 21B authorising the administration, supply or prescription of sodium oxybate is the form of DP2A in Schedule 2.

(3) The prescribed form of an application for a permit required under regulation 22 authorising the administration, supply or prescription of amphetamine, dexamphetamine, lisdexamfetamine, methylamphetamine or methylphenidate is the form of DP2A in Schedule 2.

Reg. 22A (Heading) amended by S.R. No. 14/2015 reg. 5(1).
Reg. 22A(2A) inserted by S.R. No. 14/2015 reg. 5(2).

22B Secretary may issue a Schedule 8 permit

(1) On receiving an application for a permit under regulation 21, the Secretary may issue a Schedule 8 permit to a registered medical practitioner or nurse practitioner authorising the practitioner to administer, supply or prescribe methadone to or for a person who is not a drug dependent person.

(2) On receiving an application for a permit under regulation 21A, the Secretary may issue a Schedule 8 permit to a registered medical practitioner or nurse practitioner authorising the practitioner to administer, supply or prescribe nabiximols to or for a person who is not a drug-dependent person.
(2A) On receiving an application for a permit under regulation 21B, the Secretary may issue a Schedule 8 permit to a registered medical practitioner or nurse practitioner authorising the practitioner to administer, supply or prescribe sodium oxybate to or for a person who is not a drug-dependent person.

(3) On receiving an application for a permit under regulation 22, the Secretary may issue a Schedule 8 permit to a registered medical practitioner or a nurse practitioner authorising the practitioner to administer, supply or prescribe amphetamine, dexamphetamine, lisdexamfetamine, methamphetamine or methylphenidate to or for a person who is not a drug-dependent person.

(4) A Schedule 8 permit issued under subregulation (1), (2), (2A) or (3) must be in the form of DP3 in Schedule 2.

(5) The Secretary may at any time amend, suspend or revoke a Schedule 8 permit issued under subregulation (1), (2), (2A) or (3) and any permit which is suspended or revoked ceases to have effect.

23 Dentists not able to obtain permit for specialised supply

A dentist must not possess, administer, supply or prescribe methadone.

Penalty: 100 penalty units.
24 Disclosure of drug use within previous 8 weeks required

(1) A person who in the previous 8 weeks has been treated with a drug of dependence must not, without disclosing that fact at the time, procure or attempt to procure from a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner, an authorised registered nurse or an authorised registered midwife—

(a) the same or a similar drug of dependence; or
(b) a drug of dependence for the same or a similar purpose.

Penalty: 100 penalty units.

(2) A person who in the previous 8 weeks has been treated with a drug of dependence must not, without disclosing that fact at the time, procure or attempt to procure from a pharmacist, other than on a prescription or order of a person authorised in relation to that drug of dependence under section 13(1) of the Act—

(a) the same or a similar drug of dependence; or
(b) a drug of dependence for the same or a similar purpose.

Penalty: 100 penalty units.

Division 3—Supply

25 Persons authorised to write prescriptions

(1) A person other than a registered medical practitioner, veterinary practitioner or dentist must not write a prescription for a Schedule 9 poison.

Penalty: 100 penalty units.
(2) A person other than a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner or an authorised registered midwife must not write a prescription for a Schedule 8 poison.

Penalty: 100 penalty units.

(3) A person other than a registered medical practitioner, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist must not write a prescription for a Schedule 4 poison.

Penalty: 100 penalty units.

(4) A registered medical practitioner or dentist must not write a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison other than for the treatment of a person named on the prescription.

Penalty: 100 penalty units.

(5) A nurse practitioner or an authorised registered midwife must not write a prescription for a Schedule 4 poison or Schedule 8 poison other than for the treatment of a person named on the prescription.

Penalty: 100 penalty units.

(6) An authorised optometrist or an authorised podiatrist must not write a prescription for a Schedule 4 poison other than for the treatment of a person named on the prescription.

Penalty: 100 penalty units.
(7) A veterinary practitioner must not write a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison other than for the treatment of an animal named or described on the prescription.

Penalty: 100 penalty units.

26 Style and required particulars for prescriptions

(1) A person authorised to write a prescription under regulation 25 must write a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison (as the case requires)—

(a) in his or her own handwriting; or

(b) in a manner of writing approved by the Secretary.

Penalty: 50 penalty units.

(2) In approving another manner of writing a prescription under subregulation (1)(b), the Secretary—

(a) must have regard to security; and

(b) must have regard to legibility; and

(c) may have regard to any other factors the Secretary considers relevant in the circumstances.

(3) A person authorised to write a prescription under regulation 25 must ensure that any prescription written by the person for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison (as the case requires) is legible and durable and includes—

(a) the name, address and telephone number of the prescriber; and
(b) the name and address of the patient for whom the prescription is intended, or if a prescription is written by a veterinary practitioner, the name or species of animal and the name and address of the owner or the person having the custody of the animal; and

(c) the date on which the prescription was written; and

(d) the signature of the prescriber; and

(e) full particulars of the poison or controlled substance to be supplied including a statement of the quantity to be supplied; and

(f) in the case of a Schedule 8 poison or Schedule 9 poison, the statement of the quantity to be supplied written in words and figures; and

(g) directions for the precise dose or use and frequency of administration except in cases where—

   (i) because of the complexity of the dosage regimen or use it is impracticable to do so and the prescriber has separately supplied the patient with written instruction; or

   (ii) the administration of the poison or controlled substance is to be carried out by a registered medical practitioner, veterinary practitioner, pharmacist, dentist, authorised optometrist, authorised podiatrist, nurse or registered midwife as the case requires; and

(h) the maximum number of times the prescription may be supplied if more than once; and
(i) in the case of a Schedule 8 poison or Schedule 9 poison, the maximum number of times the prescription may be supplied written in words and figures.

Penalty: 50 penalty units.

(4) A prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison must not be written in a secret code or cipher.

Penalty: 50 penalty units.

(5) A prescriber must not knowingly include on a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison any particular which is false or misleading.

Penalty: 100 penalty units.

(6) A dentist must not direct that a prescription for a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison be supplied more than once.

Penalty: 50 penalty units.

27 Emergency directions to pharmacists regarding supply

(1) Despite anything in this Division to the contrary, a registered medical practitioner, veterinary practitioner or dentist may issue oral instructions to a pharmacist to supply a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison if in the opinion of the registered medical practitioner, veterinary practitioner or dentist, an emergency exists.

(2) Despite anything in this Division to the contrary, a nurse practitioner or an authorised registered midwife may issue oral instructions to a pharmacist to supply a Schedule 4 poison or Schedule 8 poison if, in the opinion of the nurse practitioner or authorised registered midwife, an emergency exists.
(3) Despite anything in this Division to the contrary, an authorised optometrist or an authorised podiatrist may issue oral instructions to a pharmacist to supply a Schedule 4 poison if, in the opinion of the authorised optometrist or the authorised podiatrist, an emergency exists.

(4) A registered medical practitioner, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist who issues oral instructions pursuant to subregulation (1), (2) or (3), as the case requires, must as soon as practicable write a prescription—

(a) indicating that it is in confirmation of the oral instructions; and

(b) deliver or forward that prescription to the pharmacist.

Penalty: 50 penalty units.

28 Particular prescription details to be verified prior to supply

(1) A pharmacist must not supply a Schedule 8 poison or Schedule 9 poison on a prescription unless he or she—

(a) if the prescription is handwritten, is familiar with the purported prescriber’s handwriting and the writing is comparable with the usual writing of the purported prescriber; or

(b) has taken reasonable steps to verify that the prescription was written by the purported prescriber.

Penalty: 100 penalty units.

(2) Despite subregulation (1), a pharmacist may supply a quantity of a Schedule 8 poison sufficient for no more than 2 days’ treatment.
(3) A pharmacist who supplies a Schedule 8 poison in accordance with subregulation (2) must retain the prescription despite the full quantity ordered not having been supplied.

Penalty: 100 penalty units.

29 Containers of drugs to be labelled with certain details

(1) A registered medical practitioner, pharmacist, veterinary practitioner or dentist who supplies a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison for the treatment of a specific person, or the veterinary treatment of a specific animal, must ensure that the container in which it is packed is labelled with the following information—

(a) the name of the patient or name or species of animal and the name of the owner or person having custody of the animal; and

(b) the date of recording as required by Division 5; and

(c) the name, address and telephone number of the place of supply; and

(d) the name of the poison or controlled substance or a trade name which unambiguously identifies the poison or controlled substance and its strength, form and quantity; and

(e) subject to subregulation (2), the directions for use.

Penalty: 50 penalty units.

(2) A registered medical practitioner, pharmacist, veterinary practitioner or dentist who supplies a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison in accordance with subregulation (1) is not required to include
directions for use of the poison on a label on the container if—

(a) in the case of a pharmacist—

(i) directions for use have not been included by the prescriber on the prescription for that poison; or

(ii) the dosage regimen or use is so complex that the prescriber has supplied the patient with separate written instruction; or

(b) the dosage regimen or use is so complex that the registered medical practitioner, veterinary practitioner or dentist has supplied the patient with separate written instruction; or

(c) the administration of the poison is to be carried out by a registered medical practitioner, pharmacist, veterinary practitioner, dentist, authorised optometrist, authorised podiatrist, nurse or registered midwife.

(3) A nurse practitioner, an authorised registered nurse or authorised registered midwife who supplies a Schedule 4 poison or Schedule 8 poison for the treatment of a specific person must ensure that the container in which it is packed is labelled with the following information—

(a) the name of the patient; and

(b) the date of recording as required by Division 5; and

(c) the name, address and telephone number of the place of supply; and
(d) the name of the poison or controlled substance or a trade name which unambiguously identifies the poison or controlled substance and its strength, form and quantity; and

(e) subject to subregulation (4), the directions for use.

Penalty: 50 penalty units.

(4) A nurse practitioner, an authorised registered nurse or an authorised registered midwife who supplies a Schedule 4 poison or Schedule 8 poison in accordance with subregulation (3) is not required to include directions for use of the poison on a label on the container if—

(a) the dosage regimen or use is so complex that the nurse practitioner, authorised registered nurse or authorised registered midwife has supplied the patient with separate written instruction; or

(b) the administration of the poison is to be carried out by a registered medical practitioner, pharmacist, dentist, authorised optometrist, authorised podiatrist, nurse or registered midwife.

(5) An authorised optometrist or an authorised podiatrist who supplies a Schedule 4 poison for the treatment of a specific person must ensure that the container in which it is packed is labelled with the following information—

(a) the name of the patient; and

(b) the date of recording as required by Division 5; and

(c) the name, address and telephone number of the place of supply; and
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(d) the name of the poison or controlled substance or a trade name which unambiguously identifies the poison or controlled substance and its strength, form and quantity; and

(e) subject to subregulation (6), the directions for use.

Penalty: 50 penalty units.

(6) An authorised optometrist or an authorised podiatrist who supplies a Schedule 4 poison in accordance with subregulation (5) is not required to include directions for use of the poison on a label on the container if—

(a) the dosage regimen or use is so complex that the authorised optometrist or authorised podiatrist has supplied the patient with separate written instruction; or

(b) the administration of the poison is to be carried out by a registered medical practitioner, pharmacist, dentist, an authorised optometrist, an authorised podiatrist, nurse or registered midwife.

(7) A veterinary practitioner is not required to comply with subregulation (1) if a Schedule 4 poison is supplied in bulk for treatment of flocks or herds of animals provided that—

(a) each container of the poison retains the manufacturer's original label; and

(b) the veterinary practitioner provides written instructions containing the information specified in subregulation (1) to the owner of, or the person having custody of, the animals.
30 Duration of prescriptions

(1) A pharmacist who supplies a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison on a prescription must ensure that the prescription is marked in a way that indicates durably—

(a) that the poison or controlled substance has been supplied; and

(b) the date of recording as required by Division 5; and

(c) the premises from which the poison or controlled substance was supplied.

Penalty: 50 penalty units.

(2) A pharmacist must not supply a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison on a prescription if it is more than—

(a) 12 months after the date written on the prescription in the case of a prescription for a Schedule 4 poison; or

(b) 6 months after the date written on the prescription in the case of a prescription for a Schedule 8 poison or Schedule 9 poison.

Penalty: 50 penalty units.

30A Requirements when supply of Schedule 4 poison is made on a residential medication chart

A pharmacist who supplies a Schedule 4 poison on a residential medication chart for a resident must ensure that the residential medication chart is marked in a durable form in a way that indicates—

(a) that the Schedule 4 poison has been supplied; and

(b) the date of recording as required by Division 5 of this Part; and

Reg. 30A inserted by S.R. No. 194/2014 reg. 8.
Drugs, Poisons and Controlled Substances Regulations 2006  
S.R. No. 57/2006  
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons  

(c) the premises from which the Schedule 4 poison was supplied.  
Penalty: 50 penalty units.  

31 Circumstances where prescriptions are not to be filled  

(1) A pharmacist must not supply a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison on a prescription—  
(a) in excess of the quantities authorised; or  
(b) which he or she has reason to believe has been forged or is fraudulent in any way; or  
(c) which he or she has reason to believe has been altered in any way other than by or on the instruction of the prescriber; or  
(d) which is illegible or defaced; or  
(e) when the quantity authorised has already been supplied.  
Penalty: 100 penalty units.  

(2) A pharmacist to whom a prescription referred to in subregulation (1)(b) or (c) is presented must without delay notify a member of the Victoria Police and the Secretary of the circumstances concerning the presentation of the prescription.  
Penalty: 50 penalty units.  

32 Duty of pharmacist to notify different prescribers of similar supply  

A pharmacist who is presented with a prescription for a drug of dependence or a Schedule 8 poison or Schedule 9 poison for a person whom the pharmacist has reason to believe was supplied in the previous 8 weeks with the same or a similar drug of dependence, Schedule 8 poison or Schedule 9 poison on a prescription written by a
different prescriber must take all reasonable steps prior to supply or, if unable to do so, as soon as practicable after the supply has occurred, to inform the prescriber that the previous supply has occurred unless the pharmacist has reason to believe the prescriber is already aware of the previous supply or prescription.

Penalty: 50 penalty units.

33 Retention of original prescriptions or orders once supply completed

(1) A pharmacist who supplies a Schedule 8 poison or Schedule 9 poison on a prescription or order of a registered medical practitioner, veterinary practitioner or dentist or a Schedule 8 poison on the prescription or order of a nurse practitioner or an authorised registered midwife must on the last occasion the supply is made—

(a) retain that prescription or order in a manner that maintains the integrity of the prescription or order; or

(b) in the case of a prescription or order on which other poisons or controlled substances may still be legally supplied, ensure that the prescription or order is durably marked in such a way that it can be seen clearly that further supplies of that Schedule 8 poison or Schedule 9 poison are not allowed.

Penalty: 50 penalty units.

(2) A pharmacist who retains a prescription or order pursuant to subregulation (1)(a) must retain that prescription or order on a file kept solely for the purpose of retaining such prescriptions or orders for a period of 3 years from the date the Schedule 8 poison or Schedule 9 poison (as the case requires) was last supplied.
(3) A pharmacist must produce a prescription or order referred to in subregulation (2) on demand to an authorised officer.

(4) It is sufficient compliance with subregulation (1) if a pharmacist retains a legible copy of the prescription or order if he or she is required to submit the original to a public authority by any Act of a State, a Territory or the Commonwealth.

**Division 4—Storage**

34 General security requirement—Schedule 4 poisons

(1) A person to whom this regulation applies must store any Schedule 4 poisons in the person's possession in a lockable storage facility.

Penalty: 100 penalty units.

(2) A person to whom this regulation applies must take all reasonable steps to ensure that the storage facility referred to in subregulation (1) remains locked and secured to prevent access by an unauthorised person at all times, except—

(a) when it is necessary to open it to carry out an essential operation in connection with the poisons stored in it; or

(b) in the case of poisons stored in accordance with subregulation (3)(a) or (b), when a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist, an authorised podiatrist, nurse or registered midwife authorised under regulation 5(2)(a) is present.

Penalty: 100 penalty units.
(3) Despite subregulations (1) and (2), a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist may store Schedule 4 poisons at the premises in which he or she carries out the lawful practice of his or her profession in—

(a) the dispensing area or pharmacy department of the premises; or

(b) the treatment room of the premises; or

(c) in an area separated from the remainder of the premises and to which only a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist has access.

(4) This regulation applies to—

(a) a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist and an authorised podiatrist; and

(b) a person holding a licence, permit or warrant to manufacture, sell, supply, purchase or otherwise obtain, possess, administer or use a Schedule 4 poison; and

(c) a nurse or registered midwife approved under regulation 5(3) to be in possession of a Schedule 4 poison.
35 Storage of Schedule 8 and Schedule 9 poisons

(1) A person to whom this regulation applies must store any Schedule 8 poisons or Schedule 9 poisons in that person's possession in a lockable storage facility that provides not less security than a storage facility that is—

(a) constructed of mild steel plate of 10 millimetres thickness; and

(b) constructed with continuous welding of all edges; and

(c) fitted with a door constructed of mild steel plate of 10 millimetres thickness, swung on hinges welded to the door and body of the cabinet, the door being flush fitting with a clearance around the door of not more than 1.5 millimetres; and

(d) fitted with a fixed locking bar, welded to the inside face of the door near the hinge edge, which engages in a rebate when the door is closed; and

(e) fitted with a 6 lever lock securely affixed to the rear face of the door; and

(f) securely attached to a wall or floor in such a manner that it will resist attack by hand tools for 30 minutes or power tools for 5 minutes.

Penalty: 100 penalty units.

(2) A person to whom this regulation applies must take all reasonable steps to ensure that the storage facility remains locked and secured to prevent access by an unauthorised person at all times, except when it is necessary to open it to carry out an essential operation in connection with the poisons stored in it.

Penalty: 100 penalty units.
(3) A person to whom this regulation applies must take all reasonable steps to ensure that the storage facility referred to in subregulation (1) is used only for the storage of Schedule 8 poisons, Schedule 9 poisons and drugs of dependence.

Penalty: 100 penalty units.

(4) A person to whom this regulation applies must keep any Schedule 8 poisons or Schedule 9 poisons in the person's possession which are being transported for use in another place in a locked storage facility which is secured to prevent unauthorised access to those poisons.

Penalty: 100 penalty units.

(5) Despite subregulations (1) and (3), a person to whom this regulation applies may keep up to 6 divided doses of a Schedule 8 poison in a lockable storage facility for use in an emergency.

(6) This regulation applies to—

(a) a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner and an authorised registered midwife; and

(b) a person holding a licence, permit or warrant to manufacture, sell, supply, purchase or otherwise obtain, possess, administer or use a Schedule 8 poison or a Schedule 9 poison; and

(c) a nurse or registered midwife approved under regulation 5(3) to be in possession of a Schedule 8 poison or a Schedule 9 poison.
36 Storage requirements

(1) A person to whom this regulation applies must—

(a) store any Schedule 4 poison in the person's possession in a lockable storage facility; and

(b) store any Schedule 8 poison or Schedule 9 poison in the person's possession in a lockable room or in a lockable storage facility which is firmly fixed to a floor or wall; and

(c) take all reasonable steps to ensure that the storage facilities for Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons remain locked and secured to prevent access by an unauthorised person at all times, except when it is necessary to open them to carry out an essential operation in connection with the poisons stored in them.

Penalty: 100 penalty units.

(2) This regulation applies to—

(a) a person referred to in Column 1 of Part 2 of the table in regulation 5 as authorised to have in his or her possession a Schedule 4 poison or Schedule 8 poison; and

(b) an approved provider of an aged care service if—

(i) in that service there is a resident who is receiving a high level of residential care; and

(ii) that resident has been supplied—

(A) on a prescription or on a residential medication chart with a Schedule 4 poison; or
Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(B) on a prescription with a Schedule 8 poison or a Schedule 9 poison.

37 Additional security provisions required in certain circumstances

(1) Subject to subregulation (2), the Secretary may—

(a) direct a person to whom regulation 34, 35 or 36 applies to provide more secure storage for Schedule 4 poisons, Schedule 8 poisons or Schedule 9 poisons than that described in regulations 34, 35 and 36; or

(b) grant approval for a person to store substances other than Schedule 8 poisons or Schedule 9 poisons in the same storage facility as Schedule 8 poisons or Schedule 9 poisons.

(2) Before giving a direction or granting approval under subregulation (1) the Secretary—

(a) must have regard to—

(i) the nature and quantity of the poisons or controlled substances being stored; and

(ii) the location, layout and construction of the storage facility and the premises; and

(iii) the warning devices and detectors with which the storage facility and premises are equipped; and

(iv) the number and frequency of transactions; and

(v) the number of persons requiring access; and
(b) may have regard to any other factors the Secretary considers relevant in the circumstances.

(3) A person who is directed by the Secretary to provide more secure storage under subregulation (1)(a) must provide that secure storage.

Penalty: 100 penalty units.

### Division 5—Records

#### 38 Definition of transaction

In this Division *transaction* means the manufacture, preparation, use, transfer within and between premises, administration, sale, supply, disposal or destruction of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison.

#### 39 Persons required to keep records

The following persons are required to keep records under this Division—

(a) a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist and an authorised podiatrist; and

(b) a person holding a licence, permit or warrant to manufacture, sell, supply, purchase or otherwise obtain, possess, administer or use a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison; and

(c) a nurse or registered midwife authorised under regulation 5(2) to be in possession of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison; and
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(d) an approved provider of an aged care service if—
   (i) in that service there is a resident who is receiving a high level of residential care; and
   (ii) that resident has been supplied—
      (A) on a prescription or on a residential medication chart with a Schedule 4 poison; or
      (B) on a prescription with a Schedule 8 poison or a Schedule 9 poison; and
   (e) a person referred to in Column 1 of Part 2 of the table in regulation 5 as authorised to have in his or her possession a Schedule 4 poison or Schedule 8 poison.

40 Details to be contained in records

(1) A person required to keep records under this Division must, as soon as practicable after completing a transaction, record—
   (a) the date of each transaction; and
   (b) the name, form, strength and quantity of the poison or controlled substance; and
   (c) in the case of a transaction involving supply on a prescription—
      (i) the name of the prescriber; and
      (ii) the directions for use as set out on the prescription; and
   (ca) in the case of a transaction involving supply on a residential medication chart—
      (i) the name of the registered medical practitioner; and
(ii) the directions for use as set out in the residential medication chart; and

(d) the name and address or location of persons to whom the poison or controlled substance is transferred, supplied, administered or otherwise disposed of; and

(e) in the case of a Schedule 8 poison or Schedule 9 poison purchased or obtained, the name and address of the person from whom the poison was purchased or obtained; and

(f) in the case of a Schedule 8 poison or Schedule 9 poison which has been destroyed by a registered medical practitioner, pharmacist, veterinary practitioner or dentist in accordance with regulation 51(3)(a), the details set out in regulation 51(3)(b); and

(g) in the case of a Schedule 8 poison which has been destroyed by a nurse practitioner or an authorised registered midwife in accordance with regulation 51(2)(a), the details set out in regulation 51(2)(b); and

(ga) in the case of a Schedule 8 poison listed in the health services permit held by an ambulance service within the meaning of the Ambulance Services Act 1986 which has been destroyed by an operational staff member within the meaning of that Act in accordance with regulation 51(4A)(a), the matters set out in regulation 51(4A)(b); and

(h) in the case of the unused contents of a previously sterile container containing a Schedule 8 poison or a Schedule 9 poison that are not required for administration to a patient which has been destroyed by a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse or
registered midwife in accordance with regulation 51(4)(a), the details set out in regulation 51(4)(b); and

(i) in the case of a transaction involving supply or administration to a specific person, the name of the person carrying out the transaction.

Penalty: 50 penalty units.

(2) Despite subregulation (1), a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist is not required to keep a record of the destruction of Schedule 4 poisons.

41 Methods by which records are to be retained and retrieved

(1) A person required to keep records under this Division must ensure that the records of all transactions in Schedule 8 poisons or Schedule 9 poisons kept by the person—

(a) are able to be readily sorted by poison or controlled substance; and

(b) show the true and accurate balance of each Schedule 8 poison and Schedule 9 poison remaining in the person's possession after each transaction; and

(c) show the name of the person carrying out the transaction.

Penalty: 50 penalty units.

(2) A person required to keep records under this Division must keep records made by the person readily retrievable in English.

Penalty: 50 penalty units.
(3) A person required to keep records under this Division must retain a record of each transaction in a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison in a readily retrievable form for 3 years from the date of the transaction.

Penalty: 50 penalty units.

(4) A person required to keep records under this Division must produce on demand to an authorised officer all records required to be kept under this Division.

Penalty: 50 penalty units.

(5) A person required to keep records under this Division must maintain the records made by him or her of transactions in Schedule 8 poisons or Schedule 9 poisons in a manner that ensures that the records cannot be altered, obliterated, deleted or removed without detection.

Penalty: 50 penalty units.

(6) An approved provider of an aged care service where there is a resident who is receiving a high level of residential care who has been supplied with a Schedule 4 poison on prescription or a residential medication chart or supplied on prescription with a Schedule 8 poison or Schedule 9 poison need not comply with subregulation (1) in relation to Schedule 8 poisons or Schedule 9 poisons that are—

(a) supplied on prescription for a specific person; and

(b) supplied in tamper-evident compartments of dose administration containers; and

(c) labelled by a registered medical practitioner, pharmacist, dentist or nurse practitioner for administration at times specified on the label.
42 Accurate records to be kept

A person required to keep records under this Division must not knowingly make or cause to be made an entry which is false or misleading in any records in respect of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison.

Penalty: 50 penalty units.

43 Discrepancies in records to be investigated

A person required to keep records under this Division must—

(a) investigate without delay any discrepancies found in the transaction records kept by that person; and

(b) after that investigation, notify the Secretary without delay of any discrepancy which remains.

Penalty: 50 penalty units.

44 Lost or stolen records to be reported

A person required to keep records under this Division must notify the Secretary without delay of the circumstances of any loss, destruction or theft of records kept by the person relating to Schedule 4 poisons, Schedule 8 poisons or Schedule 9 poisons.

Penalty: 50 penalty units.

Division 6—Administration

45 Use of drugs and poisons restricted to person or animal for whom they were supplied

(1) A person must not administer or use a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison supplied by a registered medical practitioner, pharmacist, veterinary practitioner or dentist for
the treatment of a specific person or animal other than for the treatment of that person or animal.

Penalty: 100 penalty units.

(2) A person must not administer or use a Schedule 4 poison or Schedule 8 poison supplied by a nurse practitioner, an authorised registered midwife or authorised registered nurse for the treatment of a specific person other than for the treatment of that person.

Penalty: 100 penalty units.

(3) A person must not administer or use a Schedule 4 poison supplied by an authorised optometrist or an authorised podiatrist for the treatment of a specific person other than for the treatment of that person.

Penalty: 100 penalty units.

46 Administration of drugs and poisons to be authorised

(1) A registered medical practitioner or dentist who orders the administration of a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison to a person—

(a) must provide that instruction in writing in a legible and durable form; and

(b) must date and confirm that order with his or her signature.

Penalty: 100 penalty units.

(2) A nurse practitioner or an authorised registered midwife who orders the administration of a Schedule 4 poison or Schedule 8 poison to a person—
(a) must provide that instruction in writing in a legible and durable form; and
(b) must date and confirm that order with his or her signature.

Penalty: 100 penalty units.

(3) An authorised optometrist or an authorised podiatrist who orders the administration of a Schedule 4 poison to a person—

(a) must provide that instruction in writing in a legible and durable form; and
(b) must date and confirm that order with his or her signature.

Penalty: 100 penalty units.

(4) A person must not administer a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison to another person on the instruction of a registered medical practitioner or dentist if—

(a) in the case of a Schedule 4 poison, it is more than 12 months after the date on which the instruction was given; or
(b) in the case of a Schedule 8 poison or Schedule 9 poison, it is more than 6 months after the date on which the instruction was given.

Penalty: 100 penalty units.

(5) A person must not administer a Schedule 4 poison or Schedule 8 poison to another person on the instruction of a nurse practitioner or an authorised registered midwife if—

(a) in the case of a Schedule 4 poison, it is more than 12 months after the date on which the instruction was given; or
(b) in the case of Schedule 8 poison, it is more than 6 months after the date on which the instruction was given.

Penalty: 100 penalty units.

(6) A person must not administer a Schedule 4 poison to another person on the instruction of an authorised optometrist or an authorised podiatrist if it is more than 12 months after the date on which the instruction was given.

Penalty: 100 penalty units.

(7) A person referred to in Column 1 of Part 2 of the table in regulation 5 must not administer a Schedule 4 poison or Schedule 8 poison other than to the extent authorised by Column 2 of Part 2 of the Table.

Penalty: 100 penalty units.

47 Administration of drugs and poisons by a nurse or registered midwife

(1) A nurse or registered midwife must not administer a Schedule 9 poison to a person other than—

(a) in accordance with the directions for use on the container of the Schedule 9 poison supplied by a registered medical practitioner, pharmacist or dentist; or

(b) on the written instruction of a registered medical practitioner or dentist; or

(c) on the oral instructions of a registered medical practitioner or dentist to the nurse or registered midwife if, in the opinion of the registered medical practitioner or dentist, an emergency exists; or
(d) on the written transcription of the oral instructions referred to in paragraph (c) by another nurse or registered midwife who received those instructions; or

(e) in accordance with regulation 5(2) or an approval of the Secretary under regulation 5(3).

(2) A nurse or registered midwife must not administer a Schedule 8 poison other than—

(a) in accordance with the directions for use on the container of the Schedule 8 poison supplied by a registered medical practitioner, pharmacist, dentist, nurse practitioner or an authorised registered midwife; or

(b) on the written instruction of a registered medical practitioner, dentist, nurse practitioner or an authorised registered midwife; or

(c) on the oral instructions of a registered medical practitioner, dentist, nurse practitioner or an authorised registered midwife to the nurse or registered midwife if, in the opinion of the registered medical practitioner, dentist, nurse practitioner or authorised registered midwife, an emergency exists; or

(d) on the written transcription of the oral instructions referred to in paragraph (c) by another nurse or registered midwife who received those instructions; or
(da) in the case of a nurse who is a nurse practitioner, in accordance with regulation 9(1); or

(db) in the case of a nurse who is an authorised registered nurse, in accordance with regulation 9A(1); or

(dc) in the case of a registered midwife who is an authorised registered midwife, in accordance with regulation 9B(1); or

(e) in accordance with regulation 5(2) or an approval of the Secretary under regulation 5(3).

(3) A nurse or registered midwife must not administer a Schedule 4 poison other than—

(a) in accordance with the directions for use on the container of the Schedule 4 poison supplied by a registered medical practitioner, pharmacist, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist; or

(b) on the written instruction of a registered medical practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist; or
(c) on the oral instruction of a registered medical practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist to the nurse or registered midwife, if in the opinion of the registered medical practitioner, dentist, nurse practitioner, authorised registered midwife, authorised optometrist or authorised podiatrist, an emergency exists; or

(d) on the written transcription of the oral instructions referred to in paragraph (c) by another nurse or registered midwife who received those instructions; or

(da) in the case of a nurse who is a nurse practitioner, in accordance with regulation 9(2); or

(db) in the case of a nurse who is an authorised registered nurse, in accordance with regulation 9A(2); or

(dc) in the case of a registered midwife who is an authorised registered midwife, in accordance with regulation 9B(3); or

(e) in accordance with regulation 5(2) or an approval of the Secretary under regulation 5(3).

Penalty: 100 penalty units.
(4) A registered medical practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist who issues oral instructions in accordance with subregulation (1)(c), (2)(c) or (3)(c) (as the case requires) must as soon as practicable—

(a) confirm those oral instructions in writing; and

(b) include them or provide them for inclusion in the treatment records of the person concerned.

Penalty: 100 penalty units.

48 Self-administration of drugs and poisons restricted

A person must not use, prescribe, sell or supply a Schedule 4 poison, a Schedule 8 poison or a Schedule 9 poison (as the case requires) for the purpose of self-administration unless the person—

(a) in the case of a Schedule 9 poison—

(i) is a patient for whom a registered medical practitioner or dentist has prescribed that poison; and

(ii) is not the registered medical practitioner or dentist who prescribed that poison; and

(b) in the case of a Schedule 8 poison—

(i) is a patient for whom a registered medical practitioner, dentist, nurse practitioner or an authorised registered midwife has prescribed that poison; and

(ii) is not the registered medical practitioner, dentist, nurse practitioner or authorised registered midwife who prescribed that poison; and
(c) in the case of a Schedule 4 poison—

(i) is a patient for whom—

(A) a registered medical practitioner, dentist, nurse practitioner or an authorised registered midwife; or

(B) an authorised optometrist or an authorised podiatrist (in accordance with the endorsement of his or her registration)—

has prescribed that poison; and

(ii) is not the registered medical practitioner, dentist, nurse practitioner, authorised registered midwife, authorised optometrist or authorised podiatrist who prescribed that poison; and

(d) in any case, uses that poison to the extent and for the purpose for which it was prescribed, sold or supplied.

Penalty: 100 penalty units.

49 Administration or supply of drugs and poisons prohibited if to support drug dependency

A person must not administer, prescribe, sell or supply a drug of dependence or a Schedule 4 poison, Schedule 8 poison or Schedule 9 poison to any person merely for the purpose of supporting the drug dependence of that person.

Penalty: 100 penalty units.
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

49A Administration of Schedule 4 poison by a pharmacist without instruction

(1) A pharmacist may administer a Schedule 4 poison without an instruction from a registered medical practitioner, dentist, nurse practitioner or an authorised registered midwife if—

(a) the pharmacist has taken all reasonable steps to ensure a therapeutic need exists for the poison; and

(b) the Secretary has approved the poison under regulation 49B; and

(c) the administration complies with the conditions specified in the approval (if any).

(2) A pharmacist may administer a Schedule 3 poison without an instruction from a registered medical practitioner, dentist, nurse practitioner or an authorised registered midwife if—

(a) as a consequence of the administration of a Schedule 4 poison, a therapeutic need exists for the Schedule 3 poison; and

(b) the pharmacist has taken all reasonable steps to ensure that therapeutic need exists.

(3) Nothing in subregulation (2) limits any other authorisation of a pharmacist to administer a Schedule 3 poison.

49B Secretary may approve Schedule 4 poison for administration by pharmacist without instruction

(1) For the purposes of regulation 49A(1), the Secretary may, by notice published in the Government Gazette, approve a Schedule 4 poison as suitable for administration as described in that regulation.
(2) An approval notice under subregulation (1) takes effect—

(a) on the date of publication of the approval notice in the Government Gazette; or

(b) on a later date specified in the notice.

(3) The Secretary must not approve a Schedule 4 poison under subregulation (1) unless the Secretary considers that the approval is necessary for the provision of health services.

(4) The Secretary may specify in an approval notice under subregulation (1) that the approval is subject to—

(a) a condition that a pharmacist may administer the Schedule 4 poison specified in the approval only in premises that satisfy specified criteria; or

(b) a condition that a pharmacist may administer the Schedule 4 poison specified in the approval only if the pharmacist has completed specified training or qualifications; or

(c) a condition that a pharmacist may administer the Schedule 4 poison specified in the approval only to persons belonging to a specified class; or

(d) any other condition the Secretary considers is necessary for the proper administration of the Schedule 4 poison.
Division 7—Destruction of Schedule 8 poisons and Schedule 9 poisons

50 Wilful destruction prohibited

Subject to this Division, a person must not wilfully destroy a Schedule 8 poison or Schedule 9 poison.

Penalty: 100 penalty units.

51 Exceptions

(1) Regulation 50 does not apply to—

(a) a Schedule 8 poison or Schedule 9 poison destroyed by or under the supervision of an authorised officer; or

(b) a Schedule 8 poison or Schedule 9 poison for which a court order has been granted for its destruction; or

(c) a Schedule 8 poison or Schedule 9 poison which has been taken into possession by a member of the police force and for which an order for destruction has been issued by an officer of rank not below that of Inspector of the Victoria Police; or

(d) a narcotic plant or seed of any narcotic plant as defined in section 70 of the Act.

(2) Subject to subregulation (5), regulation 50 does not apply to a Schedule 8 poison if—

(a) it is destroyed by a nurse practitioner or an authorised registered midwife in the presence of another person who is a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse or registered midwife; and
(b) the details of the destruction are recorded in the records required to be kept under regulation 40, including—

(i) the name, strength and quantity of the poisons or controlled substances destroyed; and

(ii) the method and place of destruction; and

(iii) the names of the persons carrying out the destruction; and

(iv) the names of the witnesses.

(3) Subject to subregulation (5), regulation 50 does not apply to a Schedule 8 poison or Schedule 9 poison if—

(a) it is destroyed by a registered medical practitioner, pharmacist, veterinary practitioner or dentist in the presence of another person who is a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse or registered midwife; and

(b) the details of the destruction are recorded in the records required to be kept under regulation 40, including—

(i) the name, strength and quantity of the poisons or controlled substances destroyed; and

(ii) the method and place of destruction; and

(iii) the names of the persons carrying out the destruction; and

(iv) the names of the witnesses.
(4) Subject to subregulation (5), regulation 50 does not apply to the unused contents of a previously sterile container containing a Schedule 8 poison or a Schedule 9 poison that are not required for administration to a patient if—

(a) those contents are destroyed by a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse or registered midwife; and

(b) the details of the destruction are recorded in the records required to be kept under regulation 40, including—

(i) the name, strength and quantity of the poisons or controlled substances destroyed; and

(ii) the method and place of destruction; and

(iii) the name of the person carrying out the destruction.

(4A) Subject to subregulation (5), regulation 50 does not apply to the unused contents of a previously sterile container containing a Schedule 8 poison listed in the health services permit held by an ambulance service within the meaning of the Ambulance Services Act 1986 that are not required for administration to a patient if—

(a) those contents are destroyed by an operational staff member (within the meaning of that Act) of that ambulance service; and

(b) the details of the destruction are recorded in the records required to be kept under regulation 40, including—
Drugs, Poisons and Controlled Substances Regulations 2006
S.R. No. 57/2006
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(i) the name, strength and quantity of the poison or controlled substances destroyed; and

(ii) the method and place of destruction; and

(iii) the name of the person carrying out the destruction.

(5) The Secretary may direct a person referred to in subregulation (2), (3), (4) or (4A) to comply with any requirements relating to the destruction of a Schedule 8 poison or Schedule 9 poison (as the case requires) specified in writing by the Secretary.

Division 8—Cultivation of narcotic plants

52 Authority to cultivate narcotic plants for non-therapeutic uses

(1) For the purposes of section 72 of the Act, the Secretary may, in his or her discretion, authorise in writing a fit and proper person to cultivate a narcotic plant as defined in section 70 of the Act for a use other than a therapeutic use.

(2) The holder of an authority under subregulation (1) is, for the purpose of that authority, authorized to possess the narcotic plant to which that authority relates for the purposes of sections 72, 72A, 72B and 73 of the Act.

52A Authority to possess narcotic plant

(1) A person listed in column 1 of the following Table who is an employee of, or engaged by, the holder of an authority under regulation 52 to cultivate the narcotic plant Papaver somniferum L., is authorised to possess that narcotic plant in the circumstances and to the extent specified in column 2 of the Table in respect of that person.
Drugs, Poisons and Controlled Substances Regulations 2006
S.R. No. 57/2006
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and
Schedule 9 poisons

(1A) A person listed in column 1 of the following Table who is an employee of, or engaged by, the holder of an authority under regulation 52 to cultivate the narcotic plant *Cannabis L.*, is authorised to possess that narcotic plant in the circumstances and to the extent specified in column 2 of the Table in respect of that person.

(2) In this regulation—

*process* means treat by mechanical, chemical or other artificial means.
Division 9—Warrants for ovulatory stimulants, prostaglandins, retinoids and thalidomide

53 Requirement for warrants

(1) A registered medical practitioner must not purchase, obtain, use, supply or prescribe an ovulatory stimulant, a prostaglandin, a retinoid or thalidomide unless he or she holds a warrant under the Act to do so.

Penalty: 100 penalty units.

(2) Despite subregulation (1), a registered medical practitioner acting in accordance with the instruction of a registered medical practitioner who holds a warrant may use, supply or prescribe an ovulatory stimulant, a prostaglandin, a retinoid or thalidomide with respect to a specific patient in accordance with the authorisation given by the warrant.

(3) A nurse practitioner acting in accordance with the instruction of a registered medical practitioner who holds a warrant may use, supply or prescribe an ovulatory stimulant, a prostaglandin, a retinoid or thalidomide with respect to a specific patient in accordance with the authorisation given by the warrant.

54 Warrant number to be included in any prescription

(1) A registered medical practitioner who prescribes an ovulatory stimulant, a prostaglandin, a retinoid or thalidomide must include the warrant number on the prescription.

Penalty: 10 penalty units.

(2) A registered medical practitioner or nurse practitioner who prescribes an ovulatory stimulant, a prostaglandin, a retinoid or thalidomide on the direction of the warrant holder must include on the prescription—
Drugs, Poisons and Controlled Substances Regulations 2006
S.R. No. 57/2006
Part 2—Drugs of dependence, Schedule 4 poisons, Schedule 8 poisons and Schedule 9 poisons

(a) the name of the registered medical practitioner who holds the warrant; and
(b) the warrant number.

Penalty: 10 penalty units.

55 Prohibition on dentists

A dentist must not purchase, obtain, use, supply or prescribe an ovulatory stimulant, a prostaglandin, a retinoid or thalidomide.

Penalty: 100 penalty units.
Part 4—Schedule 3 poisons

57 Therapeutic need to be determined—registered medical practitioners

A registered medical practitioner must not administer, prescribe, sell or supply a Schedule 3 poison unless—

(a) that poison is for the medical treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

58 Therapeutic need to be determined—nurse practitioners

A nurse practitioner must not administer, prescribe, sell or supply a Schedule 3 poison unless—

(a) that poison is for the treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

58A Therapeutic need to be determined—authorised registered nurses

An authorised registered nurse must not administer or supply a Schedule 3 poison unless—

(a) that poison is for the treatment of a person under his or her care; and
(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

58B Therapeutic need to be determined—authorised registered midwives

An authorised registered midwife must not administer, prescribe, sell or supply a Schedule 3 poison unless—

(a) that poison is for the midwifery treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

59 Therapeutic need to be determined—veterinary practitioners

A veterinary practitioner must not administer, prescribe, sell or supply a Schedule 3 poison unless—

(a) that poison is for the treatment of an animal under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

60 Therapeutic need to be determined—dentists

A dentist must not administer, prescribe, sell or supply a Schedule 3 poison unless—

(a) that poison is for the dental treatment of a person under his or her care; and
(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

60A Therapeutic need to be determined—authorised optometrists

An authorised optometrist must not administer, prescribe, sell or supply a Schedule 3 poison unless—

(a) that poison is for the ocular treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

60B Therapeutic need to be determined—authorised podiatrists

An authorised podiatrist must not administer, prescribe, sell or supply a Schedule 3 poison unless—

(a) that poison is for the podiatric treatment of a person under his or her care; and

(b) he or she has taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

61 Therapeutic need to be determined—pharmacists

A pharmacist who supplies a Schedule 3 poison other than—

(a) by wholesale; or
Part 4—Schedule 3 poisons

(ab) on the residential medication chart of a registered medical practitioner; or

(b) on the prescription of a registered medical practitioner, nurse practitioner, dentist, an authorised registered midwife, an authorised optometrist, an authorised podiatrist or veterinary practitioner—

must do so only for the therapeutic use of a person or animal, after having taken all reasonable steps to ensure a therapeutic need exists for that poison.

Penalty: 50 penalty units.

62 Restrictions on storage and display

A person who is authorised or licensed under the Act to sell or supply Schedule 3 poisons must not keep, store or display any Schedule 3 poison—

(a) in a manner which readily allows self-selection by the public; or

(b) in a manner which will promote the sale of that Schedule 3 poison or draw undue attention to it.

Penalty: 50 penalty units.

63 Requirements to supply

(1) A registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered nurse, an authorised registered midwife, an authorised optometrist or an authorised podiatrist who sells or supplies a Schedule 3 poison to a person must—

(a) personally deliver or personally supervise its delivery to the person; and
Drugs, Poisons and Controlled Substances Regulations 2006  
S.R. No. 57/2006  
Part 4—Schedule 3 poisons

(b) provide directions for the use of the Schedule 3 poison; and

(c) place a label on the container which uniquely identifies the supplier.

Penalty: 50 penalty units.

(2) Subregulation (1) does not apply to a pharmacist who sells or supplies a Schedule 3 poison by wholesale.

(3) Subregulation (1)(a) and (b) do not apply to a pharmacist who sells or supplies a Schedule 3 poison—

(a) on the prescription or residential medication chart of a registered medical practitioner; or

(b) on the prescription of a veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist or an authorised podiatrist.

64 Administration or supply prohibited if to support drug dependency

A person must not administer, prescribe, sell or supply a Schedule 3 poison to a person merely for the purpose of supporting the drug dependence of that person.

Penalty: 50 penalty units.
Part 5—Schedule 7 poisons

65 Controls concerning listed regulated poisons

A person must not manufacture, sell, supply, purchase or otherwise obtain, possess or use a listed regulated poison unless the person is authorised, licensed or permitted under the Act or these Regulations to do so.

Penalty: 100 penalty units.

66 Storage requirements

A person who sells or supplies any Schedule 7 poison by retail in accordance with the Act (whether or not by authority under section 13 of the Act) must store all Schedule 7 poisons in that person's possession in a storage facility which is not accessible to the public, unless access to that area or facility is under the personal supervision of that person or a person acting under his or her direction.

Penalty: 50 penalty units.

67 Licences, permits or warrants required for special Schedule 7 substances

A person must not possess or use a special Schedule 7 substance unless he or she holds a licence, permit or warrant issued under the Act.

Penalty: 100 penalty units.
Part 6—General requirements

68 Poisons to be sold by wholesale and retail in original unopened packs

(1) A person who sells or supplies a poison or controlled substance by wholesale or retail must sell or supply that poison or controlled substance only in the original unopened pack as received from the person who supplied that wholesaler or retailer.

Penalty: 50 penalty units.

(2) Subregulation (1) does not apply to the sale or supply of a poison or controlled substance in the course of his or her professional practice by a person authorised under section 13(1) of the Act with respect to that poison or controlled substance.

69 Transfer of poisons to inappropriate containers prohibited

Except in the course of actual use of a poison or controlled substance, a person must not remove that poison or controlled substance from the container in which it was dispensed, sold or supplied to put that poison or controlled substance—

(a) into an unlabelled receptacle or container; or

(b) into a receptacle or container which does not accurately identify that poison or controlled substance.

Penalty: 50 penalty units.
70 Lost or stolen poisons to be notified

(1) A person to whom this regulation applies who loses a poison or controlled substance or from whom a poison or controlled substance is stolen must immediately upon becoming aware of that loss or theft notify the Secretary or a member of the Victoria Police of the loss or theft.

Penalty: 20 penalty units.

(2) This regulation applies to—

(a) a registered medical practitioner, pharmacist, veterinary practitioner, dentist, nurse practitioner, an authorised registered midwife, an authorised optometrist and an authorised podiatrist; or

(b) a person who holds a licence, permit or warrant issued under the Act or these Regulations; or

(c) a person who is referred to in Column 1 of Part 2 of the table in regulation 5; or

(d) a person who sells or supplies any Schedule 7 poison by retail; or

(e) a person who is an approved provider of an aged care service if—

(i) in that service, there is a resident who is receiving a high level of residential care; and

(ii) that resident has been supplied—

(A) on a prescription or on a residential medication chart with a Schedule 4 poison; or

(B) on a prescription with a Schedule 8 poison or a Schedule 9 poison.
71 Access to certain poisons restricted to a needs basis

A person who is authorised by, or licensed or permitted under, the Act or the regulations, to be in possession of a Schedule 4 poison, listed regulated poison, Schedule 8 poison or Schedule 9 poison must take all reasonable steps to restrict access to that poison or controlled substance to—

(a) persons who are authorised by, or licensed or permitted under the Act or the regulations, to be in possession of that poison or controlled substance; and

(b) persons to whom access is required for carrying out essential operations in relation to that poison or controlled substance.

Penalty: 100 penalty units.

72 Form of seizure notice under section 43(1) of the Act

For the purposes of section 43(1) of the Act, the prescribed form is the form of DP4 in Schedule 2.

73 Form of complaint notice against a seizure under section 43(2) of the Act

For the purposes of section 43(2) of the Act, the prescribed form is the form of DP5 in Schedule 2.
Part 7—Licences and permits issued under the Act

74 Licence to sell or supply Schedule 2 poisons by retail

The Secretary must not grant to a person a licence under the Act to sell or supply by retail a Schedule 2 poison unless the business premises of that person are situated at least 25 kilometres distance away by the shortest practicable road from the nearest pharmacy business.

75 Fees

(1) The prescribed fee for the issue of a licence or permit specified in an item in Column 1 of the following table is the amount specified in Column 2 of that table in respect of that licence or permit.

(2) The prescribed fee for an amendment of a licence or permit specified in an item in Column 1 of the table, where the amendment requires inspection of the premises by an authorised officer, is the amount specified in Column 3 of that table in respect of that licence or permit.

(3) The prescribed fee for the renewal of a licence or permit specified in an item in Column 1 of the table is the amount specified in Column 4 of that table in respect of that licence or permit.

(4) The prescribed fee for an amendment of a licence or permit which does not require the inspection of premises by an authorised officer is 5.3 fee units.

</thead>
</table>

Details of other treatment (if applicable)

I have/have not previously applied for a permit to administer, prescribe or supply a Schedule 8 poison to this patient.
Please note that evidence-based practice guidelines recommend that specialist advice should be sought for patients requiring opioid doses exceeding oral morphine [quantity] mg daily, oxycodone [quantity] mg daily or equivalent, for the treatment of chronic non-cancer pain, or when prescribing opioids to a patient with a history of drug dependency or aberrant drug-related behaviours. Opioids should only be prescribed as part of a comprehensive pain management plan. When applying for a permit to treat a patient with an opioid, applicants may be requested by the Secretary to provide the Secretary with evidence of a pain management plan or specialist review.

The morbidity and mortality risks associated with long term opioid therapy should be discussed with the patient; in particular the increased mortality risks correlated with the prolonged use of opioids at doses exceeding [quantity] mg daily in morphine equivalents.

PART B: FOR TREATMENT OF AN OPIOID DEPENDENT PERSON WITH METHADONE OR BUPRENORPHINE

I, [full name of registered medical practitioner / nurse practitioner] of [address of registered medical practitioner / nurse practitioner, including postcode, phone and fax numbers] certify that this patient shows evidence of dependence on an opioid drug and that, in my opinion, methadone/buprenorphine is required in support of treatment.

Personal Details:
Full name of patient
Address of patient
Date of birth
DPU client number (if known)
Sex
Aliases (if any)
Mother's full maiden name
Medical Details of Patient:

Starting drug
Starting methadone/buprenorphine dose
Anticipated date of first dose
Period for which permit sought (if short term)
Has the patient been treated previously with methadone or buprenorphine for opioid dependency? Yes/No
Is the patient transferring from another prescriber? Yes/No
If yes, what was the last drug prescribed?
When was the last dose administered?
Has the previous prescriber been advised of the transfer? Yes/No
Name of previous prescriber
Name, address and telephone number of person dispensing methadone / buprenorphine

Signature of registered medical practitioner / nurse practitioner

1 General information

INTERPRETATION OF LEGISLATION ACT 1984 (ILA)

Style changes

Section 54A of the ILA authorises the making of the style changes set out in Schedule 1 to that Act.

References to ILA s. 39B

Sidetones which cite ILA s. 39B refer to section 39B of the ILA which provides that where an undivided regulation, rule or clause of a Schedule is amended by the insertion of one or more subregulations, subrules or subclauses the original regulation, rule or clause becomes subregulation, subrule or subclause (1) and is amended by the insertion of the expression "(1)" at the beginning of the original regulation, rule or clause.

Interpretation

As from 1 January 2001, amendments to section 36 of the ILA have the following effects:

• Headings

All headings included in a Statutory Rule which is made on or after 1 January 2001 form part of that Statutory Rule. Any heading inserted in a Statutory Rule which was made before 1 January 2001, by a Statutory Rule made on or after 1 January 2001, forms part of that Statutory Rule. This includes headings to Parts, Divisions or Subdivisions in a Schedule; Orders; Parts into which an Order is divided; clauses; regulations; rules; items; tables; columns; examples; diagrams; notes or forms. See section 36(1A)(2A)(2B).
• **Examples, diagrams or notes**

All examples, diagrams or notes included in a Statutory Rule which is made on or after 1 January 2001 form part of that Statutory Rule. Any examples, diagrams or notes inserted in a Statutory Rule which was made before 1 January 2001, by a Statutory Rule made on or after 1 January 2001, form part of that Statutory Rule. See section 36(3A).

• **Punctuation**

All punctuation included in a Statutory Rule which is made on or after 1 January 2001 forms part of that Statutory Rule. Any punctuation inserted in a Statutory Rule which was made before 1 January 2001, by a Statutory Rule made on or after 1 January 2001, forms part of that Statutory Rule. See section 36(3B).

• **Provision numbers**

All provision numbers included in a Statutory Rule form part of that Statutory Rule, whether inserted in the Statutory Rule before, on or after 1 January 2001. Provision numbers include regulation numbers, rule numbers, subregulation numbers, subrule numbers, paragraphs and subparagraphs. See section 36(3C).

• **Location of "legislative items"**

A "legislative item" is a penalty, an example or a note. As from 13 October 2004, a legislative item relating to a provision of a Statutory Rule is taken to be at the foot of that provision even if it is preceded or followed by another legislative item that relates to that provision. For example, if a penalty at the foot of a provision is followed by a note, both of these legislative items will be regarded as being at the foot of that provision. See section 36B.

• **Other material**

Any explanatory memorandum, table of provisions, endnotes, index and other material printed after the Endnotes does not form part of a Statutory Rule. See section 36(3)(3D)(3E).
2 **Table of Amendments**

This publication incorporates amendments made to the Drugs, Poisons and Controlled Substances Regulations 2006 by statutory rules, subordinate instruments and Acts.

4 Explanatory details

Fee Units

These Regulations provide for fees by reference to fee units established under the Monetary Units Act 2004.

The amount of the fee is to be calculated, in accordance with section 7 of that Act, by multiplying the number of fee units applicable by the value of a fee unit.

The value of a fee unit for the financial year commencing 1 July 2015 is $13.60. The amount of the calculated fee may be rounded to the nearest 10 cents.

The value of a fee unit for future financial years is to be fixed by the Treasurer under section 5 of the Monetary Units Act 2004. The value of a fee unit for a financial year must be published in the Government Gazette and a Victorian newspaper before 1 June in the preceding financial year.

Penalty Units

These Regulations provide for penalties by reference to penalty units within the meaning of section 110 of the Sentencing Act 1991. The amount of the penalty is to be calculated, in accordance with section 7 of the Monetary Units Act 2004, by multiplying the number of penalty units applicable by the value of a penalty unit.

The value of a penalty unit for the financial year commencing 1 July 2015 is $151.67.

The amount of the calculated penalty may be rounded to the nearest dollar.

The value of a penalty unit for future financial years is to be fixed by the Treasurer under section 5 of the Monetary Units Act 2004. The value of a penalty unit for a financial year must be published in the Government Gazette and a Victorian newspaper before 1 June in the preceding financial year.
