

LEGISLATIVE COUNCIL

INFRASTRUCTURE VICTORIA BILL 2015

(Amendments to be proposed in Committee by Mr BARBER)

1. Clause 8, line 22, after "measurement of" insert "costs and".
2. Clause 10, line 14, after "public entities" insert ", academics, professional bodies and".
3. Clause 14, line 13, omit "delivery." and insert "delivery; or".
4. Clause 14, after line 13 insert—
  - "(v) assessing social and community costs and benefits of infrastructure;  
or
  - (vi) assessing environmental costs and benefits of infrastructure."
5. Clause 33, line 26, after "land use plans," insert "transport modelling that contains an assessment of the social, economic and environmental costs and benefits of public and active transport options compared to private road vehicle and road freight transport options,".
6. Clause 33, page 20, after line 21 insert—
  - "( ) An assessment under subsection (2)(d) must include an assessment of the potential contribution to Victoria's greenhouse gas emissions of the option under consideration.
  - ( ) A recommendation under subsection (2)(e) must include an estimate of the potential contribution to Victoria's greenhouse gas emissions of the recommendation.
  - ( ) In this section, *greenhouse gas emissions* has the same meaning as in the **Climate Change Act 2010**."
7. Clause 34, line 28, omit all words and expressions on this line and insert—
  - "consultation on—
  - (a) a draft of the statement of social, economic and environmental objectives referred to in subsection (2)(a); and
  - (b) a draft of the strategy."

8. Clause 35, page 21, after line 5 insert—
- "( ) Subject to section 25, upon the publication of the strategy or updated strategy (as the case may be) under subsection (1), Infrastructure Victoria must publish on its website, as soon as is reasonably practicable—
- (a) the evidence relied on in preparing the strategy, and the reasons for any opinion or conclusion contained within the strategy or other document prepared under section 33; and
  - (b) the analysis that was carried out for the purposes of preparing the statement of social, economic and environmental objectives referred to in subsection (2)(a); and
  - (c) details of the assessment methods used in preparing the strategy, including the weight assigned to different factors; and
  - (d) details of the methods used in the preparation of any traffic, population or environmental modelling that is referred to in the strategy."
9. Clause 39, line 20, after "priority projects" insert ", including an explanation of how the priority projects will achieve the social and environmental objectives stated in the 30-year infrastructure strategy".
